MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Greeting at the door): Front hallway, evening, ordinary ceiling light on, coats on hooks. The grandma, a woman in her late 60s with short grey hair and glasses, and the grandpa, a man in his early 70s, bald, wearing a flat cap, step inside. The dog wags and leans against grandpa's legs. Sound: door opening, grandpa laughing "hello, sweetheart", tags jingling. 5-10s (At grandpa's feet): Dining room, evening, warm hanging lamp over a table with a white cloth and two lit candles in tall holders at the center. View from under the table: the dog lies on the floor resting her chin on grandpa's polished shoe. Sound: cutlery clinking, family chatter, grandpa chuckling. 10-15s (A toast): Same dining table in warm lamp light. The dad, a man in his late 30s with a short dark beard, stands and raises a glass of sparkling apple juice. The family raises their glasses toward the grandparents. The dog sits up beside grandpa's chair and looks around. Sound: glasses clinking, everyone saying "happy anniversary!", clapping. 15-20s (Watching the cake): Dining room in lamp light, a plain white cake on the table with no writing. The mom, a woman in her mid 30s with shoulder-length brown hair, cuts slices for the grandparents. The dog lies on her mat by the wall, watching calmly with her head on her paws. Sound: knife on plate, family chatter, grandma saying "oh, that looks lovely". 20-25s (Living room dance): Living room, evening, ordinary floor lamp on, furniture pushed aside. The grandpa and grandma sway together in a gentle dance on the rug. The dog sits nearby, tail sweeping the floor, and the daughter, a 7-year-old girl with two braids, leans on her. Sound: soft old song from a speaker, grandma laughing, family clapping softly.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
