MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Keyboard song): Living room in the evening, rain on the window, ordinary floor lamp on, couch pushed back. The daughter, a 7-year-old girl with two braids, plays a small keyboard on the rug. The dog sits beside her, tilts her head, then lets out a soft howl. Sound: simple keyboard tune, a short howl, family laughing on the couch. 5-10s (Trick act): Same living room, lamp light. The son, an 11-year-old boy with short curly hair, stands on the rug facing the dog. He says sit, then holds out his hand, and she places her paw in it. He gives a small treat and bows. Sound: son saying "sit... paw", treat crunch, clapping. 10-15s (Somersault): Living room rug with couch cushions laid on the floor, warm lamp light, rain outside. The daughter does a careful forward somersault on the cushions. The dog jumps up and trots over to sniff her face as she sits up laughing. Sound: cushion thump, daughter giggling, mom cheering "ten out of ten!". 15-20s (The dog's spin): Same living room, lamp light. The son holds a treat over the dog's head and moves it in a circle. The dog turns one full spin on all four paws on the rug, then sits and takes the treat. The grandma claps from the couch. Sound: son saying "spin!", claws on the rug, grandma clapping. 20-25s (Family bow): Living room in lamp light, the mom, a woman in her mid 30s with shoulder-length brown hair, and the grandma, a woman in her late 60s with short grey hair and glasses, clapping on the couch. Both kids bow on the rug and the dog barks once. Sound: kids saying "thank you!", one loud bark, everyone laughing and clapping.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
