Our Senior Dog and the Grown-Up Kids

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Years later the kids are grown and she is a gentle senior: the son home from college, the daughter brushing her on the porch, a slow walk together, helping her up the step, and everyone on the floor with her.

TIMELINE

0-5s	Son home from college
5-10s	Brushing on the porch
10-15s	A slow walk
15-20s	Help with the step
20-25s	Everyone on the floor

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 11-year-old female black-and-silver German Shepherd with a white muzzle and grey around the eyes, a little thinner coat, moving slowly and gently, wearing a faded purple nylon collar with a small heart-shaped tag. 0-5s (Son home from college): Front hallway of the beige house, afternoon daylight through the open door. The son, now about 20 with short curly hair and a duffel bag, steps in and drops to his knees. The dog walks to him slowly, tail wagging low, and presses her white muzzle into his chest. Sound: bag thudding, son saying softly "hey, old girl", tags jingling. 5-10s (Brushing on the porch): Front porch steps, warm late afternoon daylight. The daughter, now about 16 with long brown hair, sits on the top step brushing the dog's back with a soft brush. The dog lies beside her with eyes half closed, loose fur drifting off. Sound: brush strokes, birds, daughter humming quietly. 10-15s (A slow walk): Quiet neighborhood sidewalk with trimmed lawns and trees, early evening light. The son and daughter walk side by side at an easy pace, the son holding a loose purple leash. The dog walks between them at her own gentle speed, stopping to sniff a mailbox post. Sound: footsteps, leaves rustling, daughter saying "take your time". 15-20s (Help with the step): Back door of the house with one tall step, evening daylight. The dog pauses at the step. The son bends and gently lifts her back end with both arms under her hips while she steps up with her front paws, then walks into the kitchen. Sound: son saying "I've got you", a soft grunt, claws on tile. 20-25s (Everyone on the floor): Living room in the evening, ordinary floor lamp on. The dog lies on her thick orthopedic bed on the rug. The daughter, the son and the mom, a woman now in her mid 40s with shoulder-length brown hair, sit on the floor around her, all with a hand on her. Sound: quiet room, soft talking, the dog's slow contented breathing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Son home from college

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 11-year-old female black-and-silver German Shepherd with a white muzzle and grey around the eyes, a little thinner coat, moving slowly and gently, wearing a faded purple nylon collar with a small heart-shaped tag. Front hallway of the beige house, afternoon daylight through the open door. The son, now about 20 with short curly hair and a duffel bag, steps in and drops to his knees. The dog walks to him slowly, tail wagging low, and presses her white muzzle into his chest. Sound: bag thudding, son saying softly "hey, old girl", tags jingling.

Clip 2 | 5-10s | Brushing on the porch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
