MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Breakfast at our feet): Kitchen with white cabinets and beige tile, bright morning daylight. The family eats at the table, and under it the dog lies stretched across the floor so she is touching the daughter's foot and the dad's shoe at the same time. Sound: spoons on bowls, morning chatter, dad saying "she has to touch everybody". 5-10s (Ball with the kids): Backyard with patchy grass and a wooden fence, sunny afternoon. The daughter, a 7-year-old girl with two braids, throws a red ball and the son, an 11-year-old boy with short curly hair, cheers. The dog runs after it and brings it back to the daughter. Sound: kids shouting "go get it!", ball bouncing, panting. 10-15s (Porch swing with mom): Front porch with a wooden swing, late afternoon daylight. The mom, a woman in her mid 30s with shoulder-length brown hair, sits on the swing with a mug. The dog lies on the porch boards next to the swing, and the mom's bare foot rests on her back. Sound: swing chains creaking, birds, mom sighing happily. 15-20s (Walk with grandma): Quiet neighborhood sidewalk lined with trees, early evening light. The grandma, a woman in her late 60s with short grey hair and glasses, walks slowly holding the purple leash, and the dog walks calmly at her side, glancing up at her every few steps. Sound: footsteps, leaves rustling, grandma saying "good girl, nice and easy". 20-25s (All together): Living room in the evening, ordinary floor lamp on, a worn grey couch. The mom, the dad, a man in his late 30s with a short dark beard, and both kids squeeze onto the couch. The dog climbs up and stretches across all their laps. Sound: couch creaking, family laughing, mom saying "now we're all here".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
