Building Drive With a Tug

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A short drive-building session in the backyard: a flirt pole chase, a strong grip, a calm out, the re-bite on command and carrying the tug as a trophy.

TIMELINE

0-5s	Flirt pole chase
5-10s	Strong grip
10-15s	Calm out
15-20s	Re-bite on command
20-25s	Trophy carry

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (Flirt pole chase): Fenced suburban backyard, late afternoon, sunny with long shadows, patchy grass and a wooden fence with a gap in one board. The handler swings a flirt pole with a fleece tug on the end in a low circle. The dog chases it around in tight loops, eyes fixed on the tug. Sound: fleece swishing on grass, paws digging in, handler laughing. 5-10s (Strong grip): Same backyard, sunny late afternoon, patchy grass. The dog catches the fleece tug and grips it deep in his mouth. The handler's hands hold the other end and pull gently while the dog leans back with his front legs braced and tail high. Sound: low playful growl, fleece stretching, handler says "good grip". 10-15s (Calm out): Backyard, warm late afternoon light, long fence shadows on the grass. The handler stops pulling and holds the tug still. The dog releases on the out command, sits down immediately and stares at the tug, his whole body vibrating with excitement. Sound: handler says "out", heavy panting, a neighbor's lawnmower far away. 15-20s (Re-bite on command): Same backyard, sunny late afternoon, patchy grass and a plastic garden chair in the corner. The handler presents the tug low and says the cue. The dog lunges and grabs it again with a full mouth, shaking his head side to side once. Sound: handler says "take it", tug snapping tight, playful growl. 20-25s (Trophy carry): Backyard near the wooden fence, late afternoon sun. The handler lets go of the tug. The dog prances a lap around the yard holding the tug high, then drops onto his belly in the grass and chews it contentedly, panting. Sound: happy panting, fleece being chewed, handler says "you won".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Flirt pole chase

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Fenced suburban backyard, late afternoon, sunny with long shadows, patchy grass and a wooden fence with a gap in one board. The handler swings a flirt pole with a fleece tug on the end in a low circle. The dog chases it around in tight loops, eyes fixed on the tug. Sound: fleece swishing on grass, paws digging in, handler laughing.

Clip 2 | 5-10s | Strong grip

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
