Water Rescue Practice

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Water rescue practice in calm lake water with a life vest: fitting the vest, wading in, swimming to the floating ring, bringing it to a volunteer in shallow water and the shake-off.

TIMELINE

0-5s	Life vest on
5-10s	Wading in
10-15s	Grab the ring
15-20s	To the volunteer
20-25s	Shake-off

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (Life vest on): Pebbly lakeshore with a wooden dock, morning, calm clear weather, soft sunlight, flat still water and reeds along the edge. The handler's hands buckle a bright yellow canine life vest with a top handle around the dog's chest while he stands on the pebbles, staring at the water. Sound: buckles clicking, gentle lapping water, ducks far away. 5-10s (Wading in): Same calm lake, soft morning sun, pebbles turning to sand under clear shallow water. The dog in his yellow life vest wades steadily into the water, splashing lightly, until the water reaches his chest, then begins to swim with his head held high. Sound: splashing, paddling, handler says "go on". 10-15s (Grab the ring): Calm flat lake water, soft morning sunlight, a bright orange floating ring with a short rope bobbing a short distance from shore. The dog in his yellow life vest swims up to it and grabs the rope in his mouth, turning his body back in the water. Sound: water rippling, snorting breaths, handler cheering from shore. 15-20s (To the volunteer): Shallow area of the calm lake, morning sun, a volunteer in shorts stands knee-deep in clear shallow water near shore. The dog in the yellow life vest swims toward her towing the orange ring, finds his footing, and walks the last steps to hand her the rope. Sound: paddling, volunteer says "thank you, hero", splashing. 20-25s (Shake-off): Pebbly lakeshore, soft morning sunlight, wet stones and a towel on the dock behind. The dog walks out of the water in his dripping yellow life vest and shakes his whole body hard, spraying water everywhere, then trots to the handler with his tongue out. Sound: spray of water, handler laughing "thanks a lot", ducks quacking.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Life vest on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Pebbly lakeshore with a wooden dock, morning, calm clear weather, soft sunlight, flat still water and reeds along the edge. The handler's hands buckle a bright yellow canine life vest with a top handle around the dog's chest while he stands on the pebbles, staring at the water. Sound: buckles clicking, gentle lapping water, ducks far away.

Clip 2 | 5-10s | Wading in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Same calm lake, soft morning sun, pebbles turning to sand under clear shallow water. The dog in his yellow life vest wades steadily into the water, splashing lightly, until the water reaches his chest, then begins to swim with his head held high. Sound: splashing, paddling, handler says "go on".

Clip 3 | 10-15s | Grab the ring

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. Sound: spray of water, handler laughing "thanks a lot", ducks quacking.

FACEBOOK CAPTION

Calm lake, life vest on, ring delivered.
Our volunteer said he was gentle as a lamb.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
