Obedience Trial Morning

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The morning of an obedience trial: waiting in the car crate, a quiet warm-up, focused heeling in the ring, a fast recall and a relieved hug afterward.

TIMELINE

0-5s	Waiting in the crate
5-10s	Quiet warm-up
10-15s	Ring heeling
15-20s	Fast recall
20-25s	Relieved hug

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (Waiting in the crate): Grass parking field at an obedience trial, early morning, chilly, pale sunny light, cars parked in rows with open hatches. The dog lies in a wire crate in the back of the handler's car, head up, watching people walk past with their dogs at a distance. Sound: car doors, distant dogs barking, handler breathing nervously. 5-10s (Quiet warm-up): Edge of the trial grounds, pale morning sun, dewy grass and a tent in the background. The dog does a few steps of heeling beside the handler, then a sit, and gets a quick treat, his eyes never leaving the handler's face. Sound: handler whispering "just like practice", treat crunching. 10-15s (Ring heeling): Obedience trial ring marked with a low white rope, sunny morning light, short grass, a judge in a cap standing in the background. Filmed by a friend outside the rope. The dog heels perfectly at the handler's left side through a turn, looking up the whole time. Sound: quiet crowd murmur, judge's voice faintly, paws on grass. 15-20s (Fast recall): Same trial ring, sunny morning light, white rope boundary. The dog sits at the far end. The handler calls him. He gallops across the ring and slides into a straight sit right in front of the handler's shoes, looking straight up, tail sweeping the grass. Sound: handler says "here", fast paws, soft applause. 20-25s (Relieved hug): Just outside the ring rope, sunny morning, other competitors and dogs far in the background. The handler kneels and wraps both arms around the dog's neck. He leans into the hug, tail wagging, and licks the handler's ear, then sits back looking pleased. Sound: handler laughing with relief, friend says "you did it", applause.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Waiting in the crate

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
