Retrieving the Training Dummy From the Lake

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Water retrieve practice at a calm lake with the dog in a life vest: waiting on cue, the swim out, grabbing the dummy, swimming back and the delivery to hand.

TIMELINE

0-5s	Waiting on cue
5-10s	Swim out
10-15s	Grabbing the dummy
15-20s	Swimming back
20-25s	Delivery to hand

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (Waiting on cue): Calm lake shore in the morning, soft overcast daylight, a pebble beach and reeds along the edge. The dog sits at the water line wearing a bright orange life vest, trembling with focus, eyes locked on a canvas training dummy in the owner's hand. Sound: calm lapping water, ducks far away, owner says "wait". 5-10s (Swim out): Same calm lake in morning daylight, flat water. The canvas dummy lands with a splash about fifteen meters out. On the owner's word, the dog wades in and starts swimming steadily toward it, his head and orange vest above the water. Sound: splash, paddling, owner says "fetch!". 10-15s (Grabbing the dummy): Out on the calm lake, gentle grey morning light, zoomed in a little. The dog reaches the floating canvas dummy, grabs it in his mouth and turns around in the water, the orange life vest keeping him high and steady. Sound: water splashing, soft snorting through the nose. 15-20s (Swimming back): Calm lake heading back to the pebble shore, overcast morning light. The dog swims toward the camera with the dummy held tight, a small wake behind him, then his paws touch bottom and he walks out of the water. Water streams off his vest and coat as he climbs the pebbles. Sound: paddling, water dripping, owner says "bring it". 20-25s (Delivery to hand): Pebble shore of the lake, soft morning daylight, reeds behind. The dog sits dripping in his orange life vest and holds the dummy up, then releases it into the owner's hand when asked and gets a treat. He gives a big shake, water spraying off his coat and vest onto the pebbles. Sound: owner says "out, good boy", dripping water, a happy shake.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Waiting on cue

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Calm lake shore in the morning, soft overcast daylight, a pebble beach and reeds along the edge. The dog sits at the water line wearing a bright orange life vest, trembling with focus, eyes locked on a canvas training dummy in the owner's hand. Sound: calm lapping water, ducks far away, owner says "wait".

Clip 2 | 5-10s | Swim out

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
