Carrying the Basket for Grandma

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Grandma's garden helper: carrying her small basket to the vegetable patch, waiting while she picks, carrying it back along the path, setting it down on the porch and a carrot reward.

TIMELINE

0-5s	Taking the basket
5-10s	Walking to the garden
10-15s	Waiting while she picks
15-20s	Carrying it back
20-25s	Carrot reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (Taking the basket): Back porch of an old farmhouse, morning sunshine, peeling white paint and a pair of garden boots. Grandma in a straw hat holds out a small empty wicker basket by its handle. The dog takes the handle gently in his mouth and holds it, tail wagging. Sound: birds, screen door creak, grandma says "take it for me, good boy". 5-10s (Walking to the garden): Dirt path through a backyard vegetable garden, sunny morning, tomato cages and bean poles. The dog walks ahead of grandma carrying the empty basket by the handle, head held high, checking back over his shoulder to make sure she is still following. Sound: footsteps on dirt, basket creaking, bees buzzing. 10-15s (Waiting while she picks): Between rows of tomato plants, bright morning sun. The basket sits on the dirt and the dog lies beside it. Grandma's hands drop a few red tomatoes and a cucumber into it while the dog watches each one land, ears moving. Sound: leaves rustling, grandma humming, tomatoes thumping softly in the basket. 15-20s (Carrying it back): Garden path heading back to the farmhouse, sunny morning. The dog carries the half full basket by the handle, walking slowly and carefully so nothing spills, grandma walking right behind him with her hand on her hip, smiling and shaking her head. Sound: slow footsteps, basket creaking, grandma laughs "steady now". 20-25s (Carrot reward): Back porch steps, late morning sun. The dog sets the basket down on the bottom step and sits. Grandma pulls a small peeled carrot from her apron pocket and he takes it gently, crunching it loudly while she pats his head. Sound: loud carrot crunching, grandma says "my best helper", birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Taking the basket

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
