Teaching the Young Dog the Ropes

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Our older dog showing the 1-year-old new dog how it is done: sitting side by side, copying a down, a loose leash walk, waiting at the door and resting together on the grass.

TIMELINE

0-5s	Side by side sit
5-10s	Copying the down
10-15s	Loose leash walk
15-20s	Waiting at the door
20-25s	Resting together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (Side by side sit): Backyard lawn, mid-morning, bright overcast daylight, a wooden fence and a garden shed. The dog sits perfectly beside the owner's legs. Next to him a 1-year-old black-and-tan German Shepherd with a black saddle, tan legs and a blue collar wiggles, then sits too, glancing at the older dog. Sound: owner says "sit", birds, the young dog's impatient whine. 5-10s (Copying the down): Same backyard lawn, overcast daylight. The owner says down and the dog lowers himself smoothly to the grass. The lanky 1-year-old black-and-tan German Shepherd with the blue collar watches him, then drops down a second later, front legs splayed. The owner's hand gives both a treat. Sound: owner laughing "there you go, watch him", treats crunching. 10-15s (Loose leash walk): Quiet neighborhood sidewalk, late morning, cloudy sky, parked cars and hedges. The dog walks calmly on a loose leash on the owner's left. On the right, the 1-year-old black-and-tan German Shepherd with the blue collar pulls ahead, then checks back at the older dog and slows down. Sound: footsteps, two sets of tags jingling, a car passing slowly. 15-20s (Waiting at the door): Front doorway of the house, daylight from outside, shoes on a mat. The door is open. The dog sits and waits at the threshold without moving. The 1-year-old black-and-tan German Shepherd with the blue collar starts to step out, sees him, and sits back down beside him. Sound: owner says "wait... okay", tails swishing on the floor. 20-25s (Resting together): Backyard lawn in the early afternoon, sunny with light clouds. The dog lies on the grass, panting calmly. The 1-year-old black-and-tan German Shepherd with the blue collar flops down a short distance beside him, copying his position, both facing the camera. Sound: two dogs panting, birds, owner says "good class today".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Side by side sit

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Backyard lawn, mid-morning, bright overcast daylight, a wooden fence and a garden shed. The dog sits perfectly beside the owner's legs. Next to him a 1-year-old black-and-tan German Shepherd with a black saddle, tan legs and a blue collar wiggles, then sits too, glancing at the older dog. Sound: owner says "sit", birds, the young dog's impatient whine.

Clip 2 | 5-10s | Copying the down

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Same backyard lawn, overcast daylight. The owner says down and the dog lowers himself smoothly to the grass. Sound: owner laughing "there you go, watch him", treats crunching.

Clip 3 | 10-15s | Loose leash walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Quiet neighborhood sidewalk, late morning, cloudy sky, parked cars and hedges. The dog walks calmly on a loose leash on the owner's left. On the right, the 1-year-old black-and-tan German Shepherd with the blue collar pulls ahead, then checks back at the older dog and slows down. Sound: footsteps, two sets of tags jingling, a car passing slowly.

Clip 4 | 15-20s | Waiting at the door

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Front doorway of the house, daylight from outside, shoes on a mat. The door is open. The dog sits and waits at the threshold without moving. The 1-year-old black-and-tan German Shepherd with the blue collar starts to step out, sees him, and sits back down beside him. Sound: owner says "wait... okay", tails swishing on the floor.

Clip 5 | 20-25s | Resting together

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
