The Legend and the Little Puppy

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Our big working dog meets the new puppy: a careful first sniff, the puppy following him everywhere, sharing the water bowl, lying in the shade together and a nap side by side.

TIMELINE

0-5s	First sniff
5-10s	Puppy follows him
10-15s	Sharing the water bowl
15-20s	Lying in the shade
20-25s	Nap side by side

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (First sniff): Backyard lawn, late morning, soft overcast daylight, short grass and a wooden fence. A small 10-week-old fluffy tan-and-black German Shepherd puppy with floppy ears and a green collar sits on the grass. The dog lowers his head slowly and sniffs the puppy gently, tail wagging low. Sound: birds, puppy's tiny whimper, owner whispers "easy, be gentle". 5-10s (Puppy follows him): Same backyard, overcast daylight. The dog walks slowly across the lawn toward the patio. The small fluffy tan-and-black puppy with the green collar waddles after him on short legs, tripping once in the grass, and the dog stops and waits for it. Sound: tiny puppy yips, slow footsteps on grass, owner laughs softly. 10-15s (Sharing the water bowl): Patio with grey stone pavers, midday daylight, a large steel water bowl. The dog drinks slowly, then steps back. The small fluffy puppy with the green collar puts its front paws on the rim and laps clumsily while the dog stands patiently beside it. Sound: loud dog lapping, tiny puppy lapping, water splashing on the stones. 15-20s (Lying in the shade): Shade under a big maple tree in the backyard, early afternoon, dappled sunlight on the grass. The dog lies down with his front paws stretched out. The small fluffy tan-and-black puppy with the green collar plops down next to his front leg, chewing a blade of grass. Sound: leaves rustling, puppy chewing, calm panting. 20-25s (Nap side by side): Living room on a worn beige rug, afternoon daylight through a window. The dog sleeps on his side. The small fluffy puppy with the green collar is curled up asleep against his chest, its tiny back rising and falling. The dog opens one eye at the camera and closes it again. Sound: quiet room, soft snoring, owner whispers "look at them".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | First sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Backyard lawn, late morning, soft overcast daylight, short grass and a wooden fence. A small 10-week-old fluffy tan-and-black German Shepherd puppy with floppy ears and a green collar sits on the grass. The dog lowers his head slowly and sniffs the puppy gently, tail wagging low. Sound: birds, puppy's tiny whimper, owner whispers "easy, be gentle".

Clip 2 | 5-10s | Puppy follows him

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
