High Jump Practice

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Jump practice on soft grass with low standard training equipment: a warm-up bar, the panel hurdle, a jump with a dumbbell retrieve, a clean finish and a tug reward.

TIMELINE

0-5s	Warm-up bar
5-10s	Panel hurdle
10-15s	Jump and retrieve
15-20s	Front and finish
20-25s	Tug reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. 0-5s (Warm-up bar): Club training field, cool mid morning, overcast daylight, soft mowed grass. A low white bar jump with wooden wings sits at shin height. The dog trots up beside the handler and hops over it easily, landing softly on the grass. Sound: light paws, handler says "over, good". 5-10s (Panel hurdle): Same training field, overcast daylight, a standard low wooden panel hurdle about knee height on soft grass. The dog runs at it from a few strides away, tucks his front legs and clears it smoothly, landing on the far side. Sound: paws thumping on grass, handler says "hup". 10-15s (Jump and retrieve): Training field, overcast light, the same low panel hurdle. The handler tosses a wooden dumbbell over the hurdle onto the grass. The dog jumps over, picks up the dumbbell, and jumps back over toward the handler holding it in his mouth. Sound: dumbbell thudding on grass, paws, handler says "bring it". 15-20s (Front and finish): Same field, overcast daylight. The dog sits in front of the handler holding the wooden dumbbell, eyes up. The handler's hand takes it, then the dog swings around to the handler's left side and sits straight. He sits straight and calm, tail sweeping the grass slowly behind him. Sound: quiet field, handler says "out... heel, nice". 20-25s (Tug reward): Training field, overcast light, soft grass. The handler pulls a black leather tug from a jacket pocket. The dog leaps up and grabs it, tugging hard with his back legs planted, then lets go on command and pants happily. Soft mowed grass and the low jumps sit in the background. Sound: tug grunts, handler laughs "out, good boy".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Warm-up bar

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Club training field, cool mid morning, overcast daylight, soft mowed grass. A low white bar jump with wooden wings sits at shin height. The dog trots up beside the handler and hops over it easily, landing softly on the grass. Sound: light paws, handler says "over, good".

Clip 2 | 5-10s | Panel hurdle

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Same training field, overcast daylight, a standard low wooden panel hurdle about knee height on soft grass. The dog runs at it from a few strides away, tucks his front legs and clears it smoothly, landing on the far side. Sound: paws thumping on grass, handler says "hup".

Clip 3 | 10-15s | Jump and retrieve

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male working-line bi-color German Shepherd, almost fully black with tan only on the lower legs and small tan marks on the cheeks and above the eyes, short dense coat, lean muscular athletic build, upright ears, intense focused eyes, wearing a worn orange biothane collar with a small metal tag, natural coat with a little dust from the field. Training field, overcast light, the same low panel hurdle. The handler tosses a wooden dumbbell over the hurdle onto the grass. The dog jumps over, picks up the dumbbell, and jumps back over toward the handler holding it in his mouth. Sound: dumbbell thudding on grass, paws, handler says "bring it".

Clip 4 | 15-20s | Front and finish

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
