Backyard Patrol at Sunrise

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Her first job of the day: stepping out onto the dewy deck at sunrise, walking the fence line, listening to something next door, checking the garden bed and reporting back.

TIMELINE

0-5s	Steps outside
5-10s	Fence line walk
10-15s	Ears on alert
15-20s	Garden bed check
20-25s	Reports back

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Steps outside): Back deck at sunrise, pale orange and pink sky behind bare trees, soft early light, damp grey wooden boards. The back door opens and the dog steps out, pauses at the top of the three deck steps, lifts her nose to sniff the cool air, then trots down onto the wet grass. Sound: door creaking open, birds starting to sing, claws on wood. 5-10s (Fence line walk): Backyard at sunrise, low early sunlight, dew on the grass, a weathered wooden fence with a few loose boards. The dog trots along the fence line with her nose close to the bottom boards, pausing to sniff a spot, then continuing along, her paws leaving dark tracks in the wet grass. Sound: sniffing, paws swishing in wet grass, birds chirping. 10-15s (Ears on alert): Corner of the backyard, early morning light, dewy grass, wooden fence and the roof of the neighbor's house behind it. The dog stops still, ears up and pointed at the fence, head tilting slightly as she listens, then gives one low woof toward the other side. Sound: a distant car door, one deep woof, owner whispers "what is it?". 15-20s (Garden bed check): Raised wooden garden bed with tomato cages, early morning sunlight, damp soil and a coiled green hose nearby. The dog walks slowly around the bed, sniffing the corners and the soil edge carefully, her tail held low and relaxed, then moves on toward the house. Sound: sniffing, a dove cooing, hose nozzle dripping. 20-25s (Reports back): Back deck at sunrise, pale morning light, the owner's slippers and a coffee mug on the boards. The dog trots up the steps, sits right in front of the owner's feet with wet paws and a damp chest, and looks up at the camera, panting lightly with her tail wagging. Sound: paws on wood, panting, owner says "all clear, officer?".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Steps outside

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Back deck at sunrise, pale orange and pink sky behind bare trees, soft early light, damp grey wooden boards. The back door opens and the dog steps out, pauses at the top of the three deck steps, lifts her nose to sniff the cool air, then trots down onto the wet grass. Sound: door creaking open, birds starting to sing, claws on wood.

Clip 2 | 5-10s | Fence line walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
