Breakfast With the Family

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Weekend breakfast at the kitchen table: sitting politely by a chair, eating her own breakfast at the same time, chin on Dad's knee, a slow nose-up lap around the table and lying among the feet.

TIMELINE

0-5s	Polite sitting
5-10s	Her own breakfast
10-15s	Chin on knee
15-20s	Table lap
20-25s	Under the table

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Polite sitting): Kitchen table, weekend morning, bright natural daylight from a window, wooden table with plates of toast and a juice jug, family members visible only from the chest down. The dog sits beside a chair, back straight, eyes following a fork moving above her. Sound: cutlery clinking, family chatting, a kid giggles. 5-10s (Her own breakfast): Kitchen corner by the table, morning daylight, beige tile floor, a steel bowl on a rubber mat. The owner's hand sets down her bowl of kibble at the same time the family eats. The dog digs in quickly, nose deep in the bowl, tail wagging. Sound: kibble crunching, owner says "your turn too", chairs scraping. 10-15s (Chin on knee): Under the edge of the kitchen table, morning light, a man's leg in grey sweatpants. The dog walks over and rests her chin on his knee, looking up with soft eyes and barely moving. His hand comes down and scratches her head while he keeps eating. Sound: Dad laughing "nice try", plates clinking, a quiet huff. 15-20s (Table lap): Kitchen, morning daylight, the table and chairs from a low angle, several pairs of feet in socks and slippers. The dog walks a slow lap around the table, nose lifted high and sniffing the air, checking each chair in turn without jumping up. Sound: sniffing, tags jingling, family talking and laughing. 20-25s (Under the table): Under the kitchen table, morning light, wooden chair legs and family feet. The dog lies down on the cool tile in the middle of all the feet with a heavy flop, rests her head on a kid's slipper, and closes her eyes while everyone keeps eating. Sound: flop and sigh, muffled chatter above, a juice glass set down.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Polite sitting

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Kitchen table, weekend morning, bright natural daylight from a window, wooden table with plates of toast and a juice jug, family members visible only from the chest down. The dog sits beside a chair, back straight, eyes following a fork moving above her. Sound: cutlery clinking, family chatting, a kid giggles.

Clip 2 | 5-10s | Her own breakfast

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
