Her Evening Wind Down

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

How she gets ready for bed: a last sniff around the yard under the porch light, a long drink, turning circles in her bed, settling as the lamp dims and slowly closing her eyes.

TIMELINE

0-5s	Last yard sniff
5-10s	Long drink
10-15s	Circle turning
15-20s	Lamp dims
20-25s	Eyes closing

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Last yard sniff): Backyard at night, lit by a single yellow porch light above the back door, dark grass and a wooden fence fading into shadow. The dog walks slowly along the edge of the lawn, nose to the ground, sniffing one last spot before turning back to the house. Sound: crickets, a distant dog barking, owner says "come on, bedtime". 5-10s (Long drink): Kitchen at night, only the light above the stove on, beige tile floor, a steel water bowl on a mat. The dog drinks noisily from the bowl, then lifts her head with water dripping from her chin onto the tiles. Sound: loud lapping, water dripping, fridge humming. 10-15s (Circle turning): Bedroom at night, lit by a small bedside lamp, a big oval dog bed with a fleece blanket on carpet. The dog steps into the bed, turns around three times, scratches at the blanket with one front paw, then drops down with a thump. Sound: blanket scratching, a thump, owner laughing softly. 15-20s (Lamp dims): Bedroom at night, the bedside lamp turned down low, warm dim light on the carpet and dog bed. The dog lies curled in her bed with her head resting on the edge, watching the camera with heavy eyelids as the room gets darker. Sound: lamp switch click, quiet room, a soft sigh. 20-25s (Eyes closing): Close view of the dog in her bed at night, dim lamp light, fleece blanket bunched around her. Her eyes slowly close, open once to check the camera, then close again, and her breathing becomes slow and deep. The blanket rises and falls with each breath. Sound: slow breathing, owner whispers "night night", crickets outside.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Last yard sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Backyard at night, lit by a single yellow porch light above the back door, dark grass and a wooden fence fading into shadow. The dog walks slowly along the edge of the lawn, nose to the ground, sniffing one last spot before turning back to the house. Sound: crickets, a distant dog barking, owner says "come on, bedtime".

Clip 2 | 5-10s | Long drink

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
