Porch Sitting, Watching the Street

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A quiet hour on the front porch together: sitting on the step beside me, ears up for a jogger, lying on the boards, watching a car roll by and leaning into me as the afternoon ends.

TIMELINE

0-5s	Step sitting
5-10s	Jogger alert
10-15s	Lies on boards
15-20s	Car passing
20-25s	Leans in

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Step sitting): Front porch, late afternoon, warm natural sunlight, white painted wooden steps and a potted fern. The dog sits on the top step beside the owner's legs in shorts and sandals, looking out at the quiet street with her mouth relaxed and slightly open. Sound: birds, a neighbor's sprinkler, owner sighs "this is nice". 5-10s (Jogger alert): Front porch, late afternoon sunlight, the sidewalk across a small front lawn. A jogger passes far away on the sidewalk as a small figure. The dog's ears go straight up, she stands for a moment watching, then sits back down without barking. Sound: faint footsteps, owner whispers "good girl, leave it", tags clinking. 10-15s (Lies on boards): Front porch, late afternoon natural light, painted grey floorboards and a doormat. The dog lies down on the boards near the top step, front paws hanging over the edge, chin resting on them, eyes still on the street. Her ears twitch at the sound of birds in the tree. Sound: boards creaking, a soft sigh, distant kids playing. 15-20s (Car passing): Front porch view toward the street, late afternoon sunlight, parked cars and a tree lined sidewalk. A car rolls by slowly on the street. The dog lifts her head and turns it to follow the car, then lowers her chin again. Sound: car engine passing, leaves rustling, quiet porch. 20-25s (Leans in): Front porch, early evening, the light turning soft and orange, porch light not yet on. The dog shifts closer and leans her shoulder against the owner's leg. The owner's hand rests on her back and slowly rubs her fur. She closes her eyes and lets out a slow, happy breath. Sound: crickets starting, slow rubbing, owner says "my porch buddy".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Step sitting

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Front porch, late afternoon, warm natural sunlight, white painted wooden steps and a potted fern. The dog sits on the top step beside the owner's legs in shorts and sandals, looking out at the quiet street with her mouth relaxed and slightly open. Sound: birds, a neighbor's sprinkler, owner sighs "this is nice".

Clip 2 | 5-10s | Jogger alert

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
