Sniffing Every Corner of the Garden

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Her slow sniff tour of the garden after the rain: the vegetable bed edges, the flower pots by the shed, under the hedge, the hose reel and a big sneeze to finish.

TIMELINE

0-5s	Bed edges
5-10s	Flower pots
10-15s	Under the hedge
15-20s	Hose reel
20-25s	Big sneeze

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Bed edges): Back garden, morning after rain, soft overcast daylight, wet soil in a raised vegetable bed with lettuce and bean poles. The dog walks along the wooden edge of the bed with her nose skimming the boards, sniffing every inch without stepping in. Sound: steady sniffing, water dripping from leaves, birds. 5-10s (Flower pots): Beside a small garden shed, overcast morning light, terracotta pots with red geraniums lined up on paving stones. The dog sniffs each pot one by one, pausing longest at the last pot and pushing her nose into the leaves. Her tail sways gently behind her as she works. Sound: sniffing, a pot scraping slightly on stone, owner laughs "find something?". 10-15s (Under the hedge): Garden edge, overcast daylight, a thick green hedge along the back of the yard with fallen leaves underneath. The dog lowers her front half and pushes her head under the hedge, tail wagging slowly, sniffing deep in the shade. After a few seconds she backs out with a leaf on her ear. Sound: leaves rustling, muffled sniffing, a bird flying off. 15-20s (Hose reel): Side of the house, overcast morning light, a green garden hose wound on a plastic reel next to a water spigot and a puddle. The dog sniffs along the coiled hose and the wet spigot, then licks a drop of water from the nozzle. Sound: sniffing, a small lick, dripping spigot. 20-25s (Big sneeze): Middle of the lawn, overcast daylight, damp patchy grass. The dog stops, lifts her head and lets out a big sneeze that shakes her whole head, then looks at the camera with wet dirt on her nose and wags her tail. Sound: a loud sneeze, owner laughing "bless you", birds singing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Bed edges

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Back garden, morning after rain, soft overcast daylight, wet soil in a raised vegetable bed with lettuce and bean poles. The dog walks along the wooden edge of the bed with her nose skimming the boards, sniffing every inch without stepping in. Sound: steady sniffing, water dripping from leaves, birds.

Clip 2 | 5-10s | Flower pots

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
