Belly Rub Requests

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

She asks for belly rubs everywhere: flopping over in the hallway, kicking her leg, pawing my hand when I stop, rolling over again on the rug and wiggling on her back in the grass.

TIMELINE

0-5s	Hallway flop
5-10s	Leg kick
10-15s	Paw request
15-20s	Rug roll
20-25s	Grass wiggle

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Hallway flop): Hallway by the front door, morning, natural daylight from a small window, wooden floor and a pile of shoes. As the owner walks toward the door, the dog drops right in front of the owner's feet and rolls onto her back, belly up, paws curled. Sound: a thump on the floor, owner laughing "I have to go to work". 5-10s (Leg kick): Same hallway, morning daylight, the owner crouching down. The owner's hand rubs the dog's belly in circles. Her back leg starts kicking in the air, her lips flop open and her tail sweeps across the wooden floor. A pair of sneakers lies tipped over beside her head. Sound: rubbing, back leg thumping, tail swishing, owner laughs. 10-15s (Paw request): Hallway, morning daylight, the dog still on her back. The owner's hand stops and lifts away. The dog reaches up with one front paw and gently taps and pulls at the owner's hand to bring it back to her belly. Sound: owner says "more?", a soft whine, tag jingling. 15-20s (Rug roll): Living room, afternoon, natural daylight through the window, a soft cream rug and the owner's feet walking past. The dog rolls onto her back again on the rug, wiggles side to side, and looks up at the camera upside down. Sound: rug rustling, happy grunts, owner sighs "again?". 20-25s (Grass wiggle): Backyard, late afternoon, warm natural daylight, short green grass and a wooden fence. The dog lies on her back in the grass, wiggling and rubbing her shoulders, legs in the air, then stops and waits for the owner's hand to come down. Sound: grass rustling, birds, owner laughing "okay, one more".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Hallway flop

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Hallway by the front door, morning, natural daylight from a small window, wooden floor and a pile of shoes. As the owner walks toward the door, the dog drops right in front of the owner's feet and rolls onto her back, belly up, paws curled. Sound: a thump on the floor, owner laughing "I have to go to work".

Clip 2 | 5-10s | Leg kick

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
