Running on the Empty Sports Field

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Early evening on a fenced, empty sports field: unclipping, a burst of zoomies, a ball chase, a recall sprint and a tired lie-down on the grass.

TIMELINE

0-5s	Unclipping
5-10s	Zoomies
10-15s	Ball chase
15-20s	Recall sprint
20-25s	Tired lie-down

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Unclipping): Edge of an empty fenced soccer field, early evening, overcast pale daylight, faded white field lines on the grass, chain link fence behind. The owner's hands unclip the leash from the dog's collar while she sits trembling with excitement, staring at the open field. Sound: leash clip click, distant traffic, owner says "okay, go". 5-10s (Zoomies): Middle of the empty sports field, early evening grey daylight. The dog sprints in a big loop across the grass, back low and ears pinned back, kicking up small bits of turf, then swings around in a wide curve and races the other way. Sound: pounding paws, owner laughing, birds far off. 10-15s (Ball chase): Open grass field with a goal post in the distance, cloudy evening light. The owner throws a bright orange rubber ball far across the field, the dog bolts after it, catches it on the bounce and turns back at a full run. Sound: thump of the ball, fast running, panting. 15-20s (Recall sprint): Empty sports field, early evening light, fence and trees far behind. From far away the dog runs straight toward the camera at full speed with the orange ball in her mouth, ears back, slowing down at the last moment and dropping the ball at the owner's feet. Sound: paws on grass getting louder, heavy breathing, owner says "here, good girl". 20-25s (Tired lie-down): Middle of the field near a faded white line, dim overcast evening daylight. The dog flops down on her belly on the grass, the ball between her front paws, tongue hanging out, sides moving quickly as she pants and looks around the empty field. Sound: heavy panting, quiet field, owner sighs happily.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Unclipping

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Edge of an empty fenced soccer field, early evening, overcast pale daylight, faded white field lines on the grass, chain link fence behind. The owner's hands unclip the leash from the dog's collar while she sits trembling with excitement, staring at the open field. Sound: leash clip click, distant traffic, owner says "okay, go".

Clip 2 | 5-10s | Zoomies

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
