Hilltop Snack Break

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A short hike up a grassy hill: the climb, reaching the top, sitting for the view, sharing a dog biscuit and apple slices and a happy rest in the wind.

TIMELINE

0-5s	The climb
5-10s	Reaching the top
10-15s	Sitting for the view
15-20s	Snack time
20-25s	Windy rest

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (The climb): Steep grassy hillside with a narrow dirt footpath, bright partly cloudy daylight. The dog climbs ahead of the owner on a leash, pulling gently, shoulders working, nose down, small stones rolling under her paws, the owner's breathing heavy behind the camera as the path gets steeper toward the top. Sound: owner puffing, paws on dirt, wind. 5-10s (Reaching the top): Top of a grassy hill, wide open sky with drifting clouds, bright daylight, rolling green countryside below. The dog steps onto the flat hilltop, stops and looks out over the view, ears flapping in the wind, tail wagging, panting after the climb with her tongue hanging out. Sound: strong wind, owner says "we made it". 10-15s (Sitting for the view): Hilltop grass, breezy, partly cloudy daylight, a backpack on the ground. The dog sits beside the owner's hiking boots, facing the valley, fur ruffling in the wind, nose lifted to smell the air, eyes squinting slightly, her tail resting flat on the short grass behind her. Sound: wind gusts, distant sheep, owner sighs. 15-20s (Snack time): Hilltop, bright daylight, the owner sitting on the grass with an open backpack. The owner's hand holds out a plain dog biscuit and the dog takes it gently, lies down and crunches it, then looks up at a few apple slices in the other hand. Sound: crunching, wind, owner says "okay, one apple slice". 20-25s (Windy rest): Hilltop grass, partly cloudy sky, clouds moving fast. The dog lies stretched out on her side in the grass beside the backpack, the wind ruffling the fur on her belly and tail, eyes half closed, completely relaxed, one ear flipping inside out in a gust and staying that way. Sound: steady wind, grass rustling, a contented groan.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | The climb

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Steep grassy hillside with a narrow dirt footpath, bright partly cloudy daylight. The dog climbs ahead of the owner on a leash, pulling gently, shoulders working, nose down, small stones rolling under her paws, the owner's breathing heavy behind the camera as the path gets steeper toward the top. Sound: owner puffing, paws on dirt, wind.

Clip 2 | 5-10s | Reaching the top

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Top of a grassy hill, wide open sky with drifting clouds, bright daylight, rolling green countryside below. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
