Sniff Walk in the Rain

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A slow sniffy walk in light rain: heading out in her raincoat, sniffing wet hedges, a puddle stop, a long sniff at a lamppost and a towel rub back at home.

TIMELINE

0-5s	Heading out
5-10s	Wet hedge sniff
10-15s	Puddle stop
15-20s	Lamppost sniff
20-25s	Towel rub

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Heading out): Front porch of a house, grey rainy morning, light rain falling, wet concrete steps. The dog walks down the steps wearing a simple yellow dog raincoat, her leash held by the owner, pausing to blink at the rain before stepping onto the wet path. Sound: steady light rain, dripping gutter, owner says "it's just water". 5-10s (Wet hedge sniff): Neighborhood sidewalk in light rain, dull grey daylight, a dripping green hedge along a front yard. The dog pushes her nose into the wet leaves, sniffing deeply, raindrops falling from the hedge onto her head and raincoat while she wags slowly and refuses to move on. Sound: rain pattering on leaves, deep sniffing. 10-15s (Puddle stop): Wet sidewalk with a wide shallow puddle, overcast rainy light, raindrops making rings in the water. The dog stops at the puddle and sniffs the surface, then steps right through it, her paws splashing, without caring at all, and keeps walking with wet legs and a happy wag. Sound: small splashes, rain, owner laughing "of course". 15-20s (Lamppost sniff): Base of a grey metal lamppost on a rainy street corner, flat grey daylight, wet dark asphalt behind. The dog circles the lamppost with her nose glued to the wet ground, sniffing for a long time, rain dripping off her raincoat hood. Sound: rain, car tires hissing on wet road, sniffing. 20-25s (Towel rub): Entryway inside the house, ordinary ceiling light on, muddy doormat, wet raincoat on the floor. The owner's hands rub the dog with an old striped towel while she stands with her eyes half closed, leaning into it, wet paws on the mat. Sound: towel rubbing, rain on the window, owner says "all dry now".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Heading out

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Front porch of a house, grey rainy morning, light rain falling, wet concrete steps. The dog walks down the steps wearing a simple yellow dog raincoat, her leash held by the owner, pausing to blink at the rain before stepping onto the wet path. Sound: steady light rain, dripping gutter, owner says "it's just water".

Clip 2 | 5-10s | Wet hedge sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
