Riverbank Fetch

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Fetch on a wide grassy riverbank: waiting for the throw, the chase on the grass, a proud return, a quick drink from the shallow edge and a muddy-paws flop.

TIMELINE

0-5s	Waiting
5-10s	The chase
10-15s	Proud return
15-20s	Quick drink
20-25s	Muddy flop

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Waiting): Wide flat grassy riverbank, late afternoon, soft cloudy daylight, a slow brown river behind. The dog crouches low on the grass staring intensely at a worn rope toy in the owner's hand, every muscle ready, tail stiff and still, her front paws shifting slightly in the grass. Sound: river flowing, birds, owner says "ready?". 5-10s (The chase): Grassy riverbank, cloudy late afternoon light, trees on the far bank. The rope toy flies across the grass away from the water and the dog sprints after it, grabbing it mid-bounce and skidding on the grass before turning around with the toy swinging from her mouth. Sound: thud of the toy, fast paws, owner cheering. 10-15s (Proud return): Riverbank grass, soft overcast light, river in the background. The dog trots back toward the camera holding the rope toy high, head up and tail wagging, then drops it at the owner's sneakers and backs up, waiting for the next throw. Sound: panting, river, owner says "again?". 15-20s (Quick drink): Shallow muddy edge of the slow river, cloudy daylight, reeds on one side. The dog steps into the very edge of the water up to her ankles and laps a drink, then steps back out onto the bank, paws dark with mud. Sound: lapping water, squelching mud, reeds rustling. 20-25s (Muddy flop): Grassy riverbank, late afternoon light, the rope toy lying in the grass. The dog flops down on her belly, puts one muddy paw on the rope toy and chews the end, panting, with her legs and paws covered in brown mud. Sound: chewing, panting, owner says "you are so dirty".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Waiting

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Wide flat grassy riverbank, late afternoon, soft cloudy daylight, a slow brown river behind. The dog crouches low on the grass staring intensely at a worn rope toy in the owner's hand, every muscle ready, tail stiff and still, her front paws shifting slightly in the grass. Sound: river flowing, birds, owner says "ready?".

Clip 2 | 5-10s | The chase

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. Grassy riverbank, late afternoon light, the rope toy lying in the grass. The dog flops down on her belly, puts one muddy paw on the rope toy and chews the end, panting, with her legs and paws covered in brown mud. Sound: chewing, panting, owner says "you are so dirty".

FACEBOOK CAPTION

The rope toy came home. So did half the riverbank.
What is your dog's fetch obsession?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
