Hardware Store Trip

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A quick trip to a dog-friendly hardware store: walking through the doors, calm on the concrete aisles, sniffing a stack of bags, sitting at the counter and getting a plain dog biscuit from the staff.

TIMELINE

0-5s	Through the doors
5-10s	Aisle walk
10-15s	Bag stack sniff
15-20s	Counter sit
20-25s	Biscuit from staff

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Through the doors): Entrance of a local hardware store, ordinary bright overhead store lights, grey concrete floor, shopping carts lined up. The dog walks through the automatic doors on a short leash beside the owner's work boots, looking around calmly with her ears up. Sound: doors sliding, store hum, a distant beep. 5-10s (Aisle walk): Long store aisle with shelves of paint cans and tools, ordinary overhead lighting, concrete floor. The dog walks calmly at the owner's side on the leash, her claws clicking on the floor, glancing at the shelves without touching anything, her tail swaying loosely behind her. Sound: claws clicking, quiet store music far away, a cart rolling. 10-15s (Bag stack sniff): Garden supply aisle in the hardware store, overhead lights, a low stack of large plain brown paper bags on a wooden pallet. The dog stops and sniffs along the bottom bag with interest, tail wagging, then the owner gently guides her on. Sound: sniffing, owner says "come on, nosy". 15-20s (Counter sit): Checkout counter of the hardware store, ordinary store lighting, a wooden counter. The dog sits calmly by the owner's legs on the leash, looking up at the counter, tail sweeping slowly across the concrete floor while the owner waits and sets a small box of screws down. Sound: register beeps, owner says "good girl, sit". 20-25s (Biscuit from staff): Beside the checkout counter, overhead store light. A staff member's hand in a red apron sleeve reaches down and offers a plain dog biscuit. The dog takes it gently, sits back down and crunches it, tail thumping on the floor. Sound: crunching, staff says "she's so good", owner says "say thank you".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Through the doors

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Entrance of a local hardware store, ordinary bright overhead store lights, grey concrete floor, shopping carts lined up. The dog walks through the automatic doors on a short leash beside the owner's work boots, looking around calmly with her ears up. Sound: doors sliding, store hum, a distant beep.

Clip 2 | 5-10s | Aisle walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
