Scent Work Practice in the Yard

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A backyard nose-work session with cardboard boxes: lining up the boxes, sniffing the row, the alert on the right box, a harder hide by the shed and a happy tug reward.

TIMELINE

0-5s	Boxes set out
5-10s	Sniffing the row
10-15s	The alert
15-20s	Harder hide
20-25s	Tug reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Boxes set out): Backyard on a cool cloudy morning, patchy grass, a wooden fence and a small garden shed. Six plain brown cardboard boxes sit in a row on the grass. The dog waits in a sit beside the owner's legs, staring at the boxes and quivering slightly. Sound: birds, wind, owner says "ready? go find it". 5-10s (Sniffing the row): Same backyard, overcast daylight. The dog moves along the row of cardboard boxes with her nose low, sniffing the open flap of each box and quickly moving to the next, her tail held level. The owner follows a few steps behind holding a long loose line. Sound: sniffing, cardboard rustling, grass swishing. 10-15s (The alert): Same row of boxes, cloudy morning. The dog stops at the fourth box, pushes her nose deep into it, then sits right in front of it and stares at the owner without moving. The owner's hand reaches in and lifts out a small cotton swab tin. Sound: tin rattling softly, owner says "yes, good girl". 15-20s (Harder hide): Corner of the yard by the garden shed, overcast light, a stack of clay pots and a wheelbarrow. The dog works along the base of the shed with her nose down, circles the wheelbarrow once and then lies down beside a clay pot, nose pointing at it. Sound: sniffing, a pot scraping slightly, a distant train horn. 20-25s (Tug reward): Middle of the backyard, cloudy daylight, damp grass. The owner holds one end of a braided rope toy and the dog grabs the other end, pulling backward with her front legs planted, tail wagging hard, then lets go and shakes her coat. Sound: playful growls, rope creaking, owner laughing, collar tag rattling.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Boxes set out

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Backyard on a cool cloudy morning, patchy grass, a wooden fence and a small garden shed. Six plain brown cardboard boxes sit in a row on the grass. The dog waits in a sit beside the owner's legs, staring at the boxes and quivering slightly. Sound: birds, wind, owner says "ready? go find it".

Clip 2 | 5-10s | Sniffing the row

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
