Her Best Friend the Labrador

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A playdate with her yellow Labrador friend: the happy greeting at the gate, running laps in the yard, sharing a stick, drinking side by side and napping in the shade.

TIMELINE

0-5s	Gate greeting
5-10s	Running laps
10-15s	Sharing a stick
15-20s	Drinking together
20-25s	Napping in the shade

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Gate greeting): Backyard gate, sunny late morning, a wooden fence and a gravel path. The gate opens and a yellow Labrador trots in. The dog meets him with a low wagging tail, they sniff noses and the dog does a quick playful bow before running off. Sound: gate latch clicking, excited panting, owner says "your buddy is here". 5-10s (Running laps): Open backyard lawn, bright sunny day, slightly worn grass along the fence. The dog runs a loop along the fence with the yellow Labrador following a step behind, both with mouths open. They take turns being in front, turning wide circles. Sound: thudding paws, panting, both owners laughing in the background. 10-15s (Sharing a stick): Middle of the lawn, sunny late morning. The dog lies down chewing one end of a long stick and the yellow Labrador lies a few feet away chewing the other end. Neither tugs; they just chew quietly side by side on the grass. Sound: wood crunching, birds, a neighbor's radio far away. 15-20s (Drinking together): Back patio, concrete slab and a large plastic water bowl, midday sun. The dog and the yellow Labrador drink from the same bowl at the same time, heads close, water splashing onto the concrete. The Labrador finishes first and wanders off. Sound: loud double lapping, splashing, a patio chair scraping. 20-25s (Napping in the shade): Under a big oak tree in the corner of the yard, shady early afternoon, dry grass. The dog lies on her side and the yellow Labrador lies close beside her with his back against her legs. Both breathe slowly, eyes closed. Sound: leaves rustling, quiet snoring, a distant airplane.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Gate greeting

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Backyard gate, sunny late morning, a wooden fence and a gravel path. The gate opens and a yellow Labrador trots in. The dog meets him with a low wagging tail, they sniff noses and the dog does a quick playful bow before running off. Sound: gate latch clicking, excited panting, owner says "your buddy is here".

Clip 2 | 5-10s | Running laps

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
