Comforting Grandma

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A quiet visit with grandma who is recovering from a cold: the dog walks in gently, rests her head on the blanket, lies by the recliner, follows her to the kitchen and stays close at tea time.

TIMELINE

0-5s	Gentle entrance
5-10s	Head on the blanket
10-15s	Lying by the recliner
15-20s	Following to the kitchen
20-25s	Tea time

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Gentle entrance): Grandma's small living room, rainy afternoon, grey light through lace curtains, a lamp on by a brown recliner. Grandma sits under a knitted blanket with a box of tissues. The dog walks in quietly, tail low and slowly wagging, and comes to her side. Sound: rain on the window, a soft cough, grandma says "hello, my dear". 5-10s (Head on the blanket): Beside the recliner, rainy afternoon lamp light. The dog rests her chin on the arm of the recliner on top of the knitted blanket and looks up. Grandma's wrinkled hand slowly strokes the top of her head and her ears. Sound: rain, a deep dog sigh, grandma murmuring "you always know". 10-15s (Lying by the recliner): Living room floor next to the recliner, warm lamp light, a worn oval rug. The dog lies down pressed against the base of the recliner with her body touching grandma's slipper. Grandma leans back and closes her eyes for a while. Sound: rain, a ticking clock, the dog's slow breathing. 15-20s (Following to the kitchen): Short hallway into a small kitchen, rainy grey daylight from the window. Grandma walks slowly in her slippers, holding the counter for balance, while the owner walks close beside her. The dog follows right at grandma's side, matching her steps. Sound: slippers shuffling, rain, the owner saying "take your time". 20-25s (Tea time): Small kitchen table, rainy afternoon, a kettle steaming on the stove and a mug of tea on a flowered placemat. Grandma sits at the table and the dog sits beside her chair, resting her head on grandma's knee while grandma sips her tea. Sound: kettle hissing, spoon clinking in a mug, rain, grandma laughing softly.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
