Family Walk After Dinner

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

An evening family walk: everyone heading out the front door, walking down the street together, stopping at the playground fence, crossing a small footbridge and heading home under porch lights.

TIMELINE

0-5s	Heading out
5-10s	Walking together
10-15s	Playground stop
15-20s	Footbridge crossing
20-25s	Heading home

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Heading out): Front porch steps, early evening after dinner, soft dusk light and the porch light on. Mom, dad and a 10-year-old boy step out the front door. Dad holds the leash and the dog bounds down the steps, tail high, looking back at the family. Sound: door closing, keys locking, the boy saying "let's go, girl". 5-10s (Walking together): Wide neighborhood street with sidewalks, warm summer evening, the sky turning pink and grey. The family walks side by side, filmed from just behind. The dog walks between dad and the boy on a loose leash, sniffing the grass strip. Sound: crickets starting, footsteps, family chatting, a sprinkler ticking. 10-15s (Playground stop): Small neighborhood playground behind a low metal fence, dusk, empty swings moving a little in the breeze. The family stops and the dog sits by dad's leg, sniffing the air through the fence while the boy leans on the fence rail. Sound: swings creaking, a distant dog barking, mom says "too late for the swings". 15-20s (Footbridge crossing): Short wooden footbridge over a narrow creek in a park strip, late dusk, trees dark against the sky. The dog walks across the planks beside dad, claws tapping, and stops to peek over the edge at the trickling water below before moving on. Sound: water trickling, claws on wood, frogs croaking. 20-25s (Heading home): Residential street at night, streetlights and porch lights on, warm air. The family walks toward their house in the distance. The dog trots ahead on the loose leash and turns into her own driveway without being told, then waits for them. Sound: crickets, tags jingling, dad laughing "she knows the way home".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Heading out

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Front porch steps, early evening after dinner, soft dusk light and the porch light on. Mom, dad and a 10-year-old boy step out the front door. Dad holds the leash and the dog bounds down the steps, tail high, looking back at the family. Sound: door closing, keys locking, the boy saying "let's go, girl".

Clip 2 | 5-10s | Walking together

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
