Meeting the New Neighbors

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A new family moves in next door: the dog watches the moving truck, meets them at the property line, sniffs a moving box, gets a treat from their teenager and waves goodbye with a wag.

TIMELINE

0-5s	Watching the truck
5-10s	Property line hello
10-15s	Sniffing a box
15-20s	Treat from the teen
20-25s	Goodbye wag

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Watching the truck): Front yard on a clear Saturday morning, a white moving truck parked next door and stacks of cardboard boxes on the neighbor's driveway. The dog stands on her lawn on a leash, ears up, watching two people carry a couch. Sound: truck engine idling, a ramp clanging, owner says "new friends". 5-10s (Property line hello): Strip of grass between the two driveways, bright morning daylight. The new neighbor, a woman in a t-shirt and work gloves, crouches and holds out the back of her hand. The dog stretches forward to sniff it, tail wagging low and loose. Sound: neighbor says "hi, pretty girl", sniffing, birds. 10-15s (Sniffing a box): Neighbor's driveway edge, sunny morning, a few taped cardboard boxes stacked on the concrete. The dog sniffs along the side of one box carefully while the owner holds the leash and the neighbor laughs, standing right next to the boxes in her gloves. Sound: sniffing, tape crinkling, neighbor laughing "checking our stuff?". 15-20s (Treat from the teen): Same driveway area, bright sun. A teenage boy in a baseball cap kneels and, after the owner nods, gives the dog a small treat from the owner's hand. She sits, takes it gently and leans against the boy's knee for a scratch. Sound: crunching, the teen saying "she's so soft", the truck beeping in reverse. 20-25s (Goodbye wag): Owner's front walkway, late morning sun, flower bed along the path. The dog walks back toward the house with the owner but keeps looking back over her shoulder at the neighbors, tail wagging, while the neighbors wave from their driveway. Sound: neighbors calling "bye!", footsteps on the path, tags jingling.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Watching the truck

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Front yard on a clear Saturday morning, a white moving truck parked next door and stacks of cardboard boxes on the neighbor's driveway. The dog stands on her lawn on a leash, ears up, watching two people carry a couch. Sound: truck engine idling, a ramp clanging, owner says "new friends".

Clip 2 | 5-10s | Property line hello

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
