Her Puppy Days

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A look back at her tiny puppy days: chewing a rope toy, tumbling on the lawn, attacking the owner's shoelaces, a face-first drink of water and falling asleep in a lap.

TIMELINE

0-5s	Chewing rope toy
5-10s	Tumbling on lawn
10-15s	Shoelace attack
15-20s	Face-first drink
20-25s	Asleep in lap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old female German Shepherd puppy, black and red-tan with fluffy fur, oversized paws and floppy ears that are just starting to stand, wearing a small red collar. 0-5s (Chewing rope toy): Living room, late morning, soft daylight from a window, grey carpet with a few scattered toys. The puppy lies on her belly holding a small blue rope toy between her oversized front paws, chewing the knot with tiny sharp teeth and shaking her head side to side, her floppy ears bouncing with every shake. Sound: tiny growls, rope rustling, owner chuckling softly. 5-10s (Tumbling on lawn): Small backyard, bright overcast afternoon, short green grass with a few clover patches and a wooden fence behind. The puppy runs clumsily toward the camera, her big paws catch on the grass and she tumbles onto her side, rolls once, gets up again right away and keeps trotting with her tail up. Sound: birds chirping, soft thump in the grass, owner says "oops, you're okay". 10-15s (Shoelace attack): Kitchen, morning daylight from the back door, beige tile floor. Camera points down at the owner's sneakers. The puppy pounces on a loose white shoelace, tugs it backward with her tiny teeth, front legs spread wide and rear end in the air, tail wagging fast, then lets go and pounces again. Sound: tiny puppy growls, claws ticking on tile, owner laughing. 15-20s (Face-first drink): Kitchen corner, natural daylight, beige tile floor with a small steel water bowl on a towel. The puppy steps one front paw into the bowl, sticks her whole muzzle into the water and laps noisily, water splashing onto the towel, then lifts her dripping chin and looks up at the camera. Sound: messy lapping, water splashing, owner says "that's one way to do it". 20-25s (Asleep in lap): Living room couch, evening, ordinary warm lamp light, beige fleece blanket. Camera looks down at the owner's lap where the puppy lies curled up on her back, belly up, oversized paws folded, eyes closed. Her round belly rises and falls slowly and one back leg twitches as the owner's fingers gently stroke her ear. Sound: quiet room, tiny puppy breaths, owner whispering "so small".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Chewing rope toy

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old female German Shepherd puppy, black and red-tan with fluffy fur, oversized paws and floppy ears that are just starting to stand, wearing a small red collar. Living room, late morning, soft daylight from a window, grey carpet with a few scattered toys. The puppy lies on her belly holding a small blue rope toy between her oversized front paws, chewing the knot with tiny sharp teeth and shaking her head side to side, her floppy ears bouncing with every shake. Sound: tiny growls, rope rustling, owner chuckling softly.

Clip 2 | 5-10s | Tumbling on lawn

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
