Puppy's First Bath

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The puppy's first bath in a small plastic tub on the bathroom floor: the walk in, gentle rinse, towel wrap, a big shake and a nap in her towel.

TIMELINE

0-5s	Carried to bathroom
5-10s	Gentle rinse
10-15s	Towel wrap
15-20s	Big shake
20-25s	Nap in towel

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old female German Shepherd puppy, black and red-tan with fluffy fur, oversized paws and floppy ears that are just starting to stand, wearing a small red collar. 0-5s (Carried to bathroom): Small bathroom, morning, ordinary ceiling light, white tiles and a blue bath mat. A small plastic tub with a few inches of warm water sits on the floor. The owner's hands lower the puppy into the shallow water, she stands with her paws spread, looking down at the water with her ears back. Sound: water swishing, bathroom echo, owner says "it's okay, sweetie". 5-10s (Gentle rinse): Same bathroom, ordinary ceiling light, white tiles. The owner's hand pours water from a plastic cup slowly over the puppy's back. Her fluffy fur goes flat and dark, she stands still and licks her lips, then tries to step one paw over the edge of the tub. Sound: water pouring, small whine, owner says "almost done". 10-15s (Towel wrap): Same bathroom, ordinary ceiling light, blue bath mat. The owner lifts the soaked puppy out and wraps her in a big yellow towel on the mat. Only her wet face and floppy ears stick out, and the owner's hands gently rub her through the towel while she blinks at the camera. Sound: towel rubbing, dripping water, owner laughing softly. 15-20s (Big shake): Hallway outside the bathroom, morning daylight from a window, wooden floor. The puppy stands on a small towel, still damp and fluffy in patches, and does a big full-body shake starting at her head, almost tipping over, water droplets flying toward the camera, then trots off a few steps. Sound: shaking flaps, droplets, owner says "hey!" and laughs. 20-25s (Nap in towel): Living room, late morning, soft window daylight, grey carpet. The puppy lies curled on the yellow towel in a patch of daylight, her fur dry and extra fluffy now, eyes closed and one oversized paw over her nose. Her side rises and falls slowly as the camera moves a little closer. Sound: quiet room, soft puppy snores, distant birds outside.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Carried to bathroom

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old female German Shepherd puppy, black and red-tan with fluffy fur, oversized paws and floppy ears that are just starting to stand, wearing a small red collar. Small bathroom, morning, ordinary ceiling light, white tiles and a blue bath mat. A small plastic tub with a few inches of warm water sits on the floor. The owner's hands lower the puppy into the shallow water, she stands with her paws spread, looking down at the water with her ears back. Sound: water swishing, bathroom echo, owner says "it's okay, sweetie".

Clip 2 | 5-10s | Gentle rinse

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
