Funny Sneezes When She Is Excited

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Every time she gets excited she sneezes: at the leash, when the owner comes home, during play, at the treat jar and right in the owner's face.

TIMELINE

0-5s	Leash sneeze
5-10s	Welcome home sneeze
10-15s	Play sneeze
15-20s	Treat jar sneeze
20-25s	Sneeze in face

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Leash sneeze): Entryway, morning daylight through the front door window, tile floor with a shoe rack. The owner's hand takes a red leash off a hook. The dog spins once, then sneezes twice in a row, shaking her head, and sits down with her tail sweeping the floor. Sound: leash clinking, two loud sneezes, owner laughing. 5-10s (Welcome home sneeze): Front door from inside, late afternoon, natural light from the open door, wooden floor. The owner steps in and the dog wiggles toward the camera with her whole body wagging, then stops and sneezes hard, her nose almost touching the floor, and wiggles again. Sound: door closing, happy whines, loud sneeze, owner says "bless you". 10-15s (Play sneeze): Backyard, cloudy afternoon, patchy grass and a wooden fence. The dog drops into a play bow in front of the camera with a rope toy beside her, then sneezes a quick sneeze, snorts, and bounces sideways, inviting the owner to chase her. Sound: sneeze and snort, birds, owner laughing "is that a yes?". 15-20s (Treat jar sneeze): Kitchen, early evening, ordinary overhead light, beige tile floor. The owner's hand lifts the lid of a plain glass treat jar on the counter. The dog sits below, stares up, then sneezes three times in a row, nearly toppling sideways, and sits back up straight. Sound: jar lid clinking, three sneezes, owner cracking up. 20-25s (Sneeze in face): Living room floor, evening, ordinary lamp light, grey rug. Camera is the owner's point of view sitting on the floor. The dog walks up close, sniffs the camera, then sneezes right into it, the picture shaking a little, and licks the owner's chin. Sound: close-up sneeze, owner shouting "ew!" and laughing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Leash sneeze

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Entryway, morning daylight through the front door window, tile floor with a shoe rack. The owner's hand takes a red leash off a hook. The dog spins once, then sneezes twice in a row, shaking her head, and sits down with her tail sweeping the floor. Sound: leash clinking, two loud sneezes, owner laughing.

Clip 2 | 5-10s | Welcome home sneeze

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog walks up close, sniffs the camera, then sneezes right into it, the picture shaking a little, and licks the owner's chin. Sound: close-up sneeze, owner shouting "ew!" and laughing.

FACEBOOK CAPTION

She does not bark when she is excited. She sneezes.
Does your dog do the happy sneeze too?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
