Grumbling at Her Squeaky Toy

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

She talks to her squeaky hedgehog all day: grumbling at it on the rug, pawing it, squeaking it on her bed, a playful grumble when the owner reaches for it and a nap with it.

TIMELINE

0-5s	Grumbling at toy
5-10s	Pawing the toy
10-15s	Squeaking on bed
15-20s	Playful protest
20-25s	Nap with toy

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Grumbling at toy): Living room, morning, natural daylight from a large window, beige rug. The dog lies on her belly with a worn orange plush hedgehog between her front paws. She stares at it and makes low playful grumbling sounds, her lips barely moving and her tail swishing. Sound: low playful grumbles, quiet room, owner chuckling. 5-10s (Pawing the toy): Same living room, morning daylight, beige rug. The dog taps the plush hedgehog with one front paw, it rolls a little, she jumps back, then pounces on it again with both paws and grumbles at it, her ears forward and eyes fixed on the toy. Sound: paw thumps, little grumbles, owner says "what did it do?". 10-15s (Squeaking on bed): Corner of a bedroom, afternoon, soft daylight, large grey dog bed on a wooden floor. The dog lies on the bed squeezing the hedgehog in her mouth over and over, making it squeak, with her eyes half closed like she is very pleased with herself. Sound: repeated squeaks, soft grumbles, a door closing somewhere. 15-20s (Playful protest): Same bedroom, afternoon daylight, grey dog bed. The owner's hand reaches slowly toward the hedgehog. The dog puts her chin over the toy, gives a long playful grumble with her tail wagging the whole time, then rolls onto her side and offers the toy back. Sound: long playful grumble, tail thumping on the bed, owner laughing. 20-25s (Nap with toy): Living room couch, evening, ordinary lamp light, plaid blanket. The dog sleeps curled up with the orange hedgehog tucked under her chin. A tiny squeak comes out of the toy as she shifts, she opens one eye, grumbles softly and goes back to sleep. Sound: faint squeak, sleepy grumble, quiet TV in the background.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Grumbling at toy

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Living room, morning, natural daylight from a large window, beige rug. The dog lies on her belly with a worn orange plush hedgehog between her front paws. She stares at it and makes low playful grumbling sounds, her lips barely moving and her tail swishing. Sound: low playful grumbles, quiet room, owner chuckling.

Clip 2 | 5-10s | Pawing the toy

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
