Scared of a Plastic Bag

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A plastic bag blowing across the yard on a windy day: she jumps back, barks at it, follows it from a safe distance, the owner picks it up and she bravely sniffs the spot. She never touches or chews it.

TIMELINE

0-5s	The jump back
5-10s	Barking at bag
10-15s	Safe distance follow
15-20s	Owner removes it
20-25s	Brave sniff

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (The jump back): Backyard, windy grey afternoon, patchy grass and a wooden fence, trees moving in the wind. The dog sniffs the grass when an empty white plastic bag tumbles across the ground a few meters away from her. She jumps back with all four feet, ears straight up. Sound: strong wind, plastic rustling, owner laughing. 5-10s (Barking at bag): Same backyard, windy grey afternoon. The white plastic bag skids along the grass near the fence. The dog stands stiff at a safe distance, front legs braced, and gives two deep barks at it, then takes one step back as the bag flutters. Sound: two deep barks, wind gusting, plastic crackling. 10-15s (Safe distance follow): Same windy backyard, grey afternoon, patchy grass. The bag rolls slowly along the ground past the garden hose. The dog follows it several meters behind, neck stretched out and tail low, stopping each time the bag moves, never getting close to it. Sound: wind, plastic rustling, owner whispering "it's just a bag". 15-20s (Owner removes it): Corner of the backyard, windy grey afternoon, a grey trash can by the fence. The owner's hand picks up the bag from the grass and drops it into the trash can, closing the lid. The dog watches from a few steps back, head tilted, then wags her tail slowly. Sound: trash can lid closing, wind, owner says "there, it's gone". 20-25s (Brave sniff): Same backyard, windy grey afternoon, patchy grass. The dog walks carefully to the spot where the bag was, stretches her neck and sniffs the grass, then lifts her head, trots back to the owner with her chest out and tail high. Sound: wind, sniffing, owner laughing "my brave protector".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | The jump back

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Backyard, windy grey afternoon, patchy grass and a wooden fence, trees moving in the wind. The dog sniffs the grass when an empty white plastic bag tumbles across the ground a few meters away from her. She jumps back with all four feet, ears straight up. Sound: strong wind, plastic rustling, owner laughing.

Clip 2 | 5-10s | Barking at bag

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
