Summer Day in Front of the Fan

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A hot summer day spent hugging the fan: standing in the breeze, stretching out on cool tiles, a big drink, a short shady walk and an evening flop in front of the fan again.

TIMELINE

0-5s	Fan breeze
5-10s	Cool tile stretch
10-15s	Big drink
15-20s	Shady walk
20-25s	Evening fan flop

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Fan breeze): Living room, hot afternoon, bright daylight behind thin closed curtains, wooden floor. A white standing fan turns slowly side to side. The dog stands right in front of it, eyes half closed, ears and loose fur on her neck blowing back each time the air passes over her. Sound: fan humming, owner laughing "that's my spot". 5-10s (Cool tile stretch): Kitchen, hot afternoon, bright daylight from the window, cool white tile floor. The dog lies flat on her side across the tiles with all four legs stretched out and her belly pressed to the floor, panting gently, then rolls slightly to find a cooler spot. Sound: soft panting, fridge humming, cicadas outside. 10-15s (Big drink): Kitchen corner, hot afternoon, natural daylight, white tile floor. The owner's hand drops two ice cubes into a full steel water bowl. The dog drinks loudly, chases an ice cube around the bowl with her tongue and splashes water onto the tiles. Sound: ice clinking, loud lapping, water splashing. 15-20s (Shady walk): Quiet residential street, late afternoon, hazy summer sunlight, tall trees shading the grass strip beside the sidewalk. The dog walks on the shaded grass instead of the hot pavement, sniffing slowly, tongue out, on a loose red leash, pausing under each tree. Sound: cicadas, sprinkler ticking nearby, owner says "stay on the grass". 20-25s (Evening fan flop): Living room, evening, ordinary lamp light, wooden floor, the white standing fan still turning. The dog walks straight back to the fan and drops down in front of it with a thump, chin on the floor, fur rippling every time the fan swings her way. Sound: fan humming, a heavy thump, owner laughing "she owns that fan now".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Fan breeze

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Living room, hot afternoon, bright daylight behind thin closed curtains, wooden floor. A white standing fan turns slowly side to side. The dog stands right in front of it, eyes half closed, ears and loose fur on her neck blowing back each time the air passes over her. Sound: fan humming, owner laughing "that's my spot".

Clip 2 | 5-10s | Cool tile stretch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
