First Warm Day of Spring

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The first warm day of the year: the back door opens, she sunbathes on the patio, rolls in the new grass, sniffs blossoms and cools off in the shade.

TIMELINE

0-5s	Door opens
5-10s	Patio sunbathing
10-15s	Rolling in grass
15-20s	Sniffing blossoms
20-25s	Shade break

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Door opens): Kitchen back door, bright spring morning, daylight streaming in, beige tile floor. The owner's hand pulls the door wide open and the dog trots out past the camera onto the patio, nose up in the air, tail swinging, stopping on the first step to sniff the warm breeze. Sound: door opening, birds singing loudly, owner says "it's warm out". 5-10s (Patio sunbathing): Back patio, warm spring morning, clear sky, grey paving stones and a wooden bench. The dog lies stretched out on the warm stones in a sunny spot, eyes closed, ears relaxed, her side rising slowly as she soaks up the sunshine. Sound: birds, a bee buzzing, soft breathing. 10-15s (Rolling in grass): Backyard lawn, sunny spring morning, fresh bright green grass with a few daisies. The dog drops onto her back and wiggles side to side, legs kicking in the air, grunting happily, then flips over onto her belly, sneezes and looks at the camera with grass on her face. Sound: grass rustling, happy grunts, a sneeze, owner laughing. 15-20s (Sniffing blossoms): Side of the yard, sunny spring late morning, a small cherry tree with pink blossoms, petals on the grass. The dog sniffs the fallen petals carefully, one sticks to her nose, she shakes her head and keeps sniffing along the ground. Sound: birds, light breeze, owner says "you have a flower on your nose". 20-25s (Shade break): Under a large tree at the back of the yard, warm spring early afternoon, dappled shade on cool grass. The dog lies down in the shade, panting gently, chin on her front paws, watching the camera with her ears up and a few petals stuck to her back. Sound: soft panting, leaves rustling, distant lawn mower.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Door opens

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Kitchen back door, bright spring morning, daylight streaming in, beige tile floor. The owner's hand pulls the door wide open and the dog trots out past the camera onto the patio, nose up in the air, tail swinging, stopping on the first step to sniff the warm breeze. Sound: door opening, birds singing loudly, owner says "it's warm out".

Clip 2 | 5-10s | Patio sunbathing

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
