Cozy Autumn Blanket Day

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A rainy autumn day at home: curled under a blanket, watching leaves fall from the window, a quick walk through wet leaves, a towel dry and back under the blanket.

TIMELINE

0-5s	Under the blanket
5-10s	Watching leaves
10-15s	Wet leaf walk
15-20s	Towel dry
20-25s	Back under blanket

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Under the blanket): Living room, rainy autumn morning, grey daylight from the window, brown couch with an orange knit blanket. Only the dog's head pokes out from under the blanket, chin on a cushion. She blinks slowly at the camera and burrows a little deeper. Sound: rain on the window, soft blanket rustle, owner chuckling. 5-10s (Watching leaves): Living room window, rainy autumn late morning, grey daylight. The dog sits on the couch facing the window, ears up, watching yellow and red leaves drift down from a tree in the yard, her head following one leaf all the way to the ground. Sound: steady rain, wind gusts, a soft huff. 10-15s (Wet leaf walk): Neighborhood sidewalk, light rain, grey autumn afternoon, wet orange and brown leaves covering the ground. The dog walks on a red leash, nose down, sniffing through the soggy leaves, her coat dotted with raindrops, stopping to shake her head when a drop lands on her ear. Sound: rain pattering, wet leaves squishing, owner's footsteps. 15-20s (Towel dry): Entryway, afternoon, ordinary ceiling light, tile floor with a doormat and rain boots. The owner's hands rub the dog with a striped towel, she leans into it, eyes half closed, then shakes off when the towel lifts, droplets flying onto the boots and the door. Sound: towel rubbing, a big shake, owner laughing "ah, cold water". 20-25s (Back under blanket): Same living room, autumn evening, ordinary warm lamp light, brown couch. The dog climbs back onto the couch and pushes her nose under the orange blanket until it slides over her back, then lies down with a huge sigh next to the owner's legs. Sound: rain on the window, big sigh, quiet TV murmur.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Under the blanket

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Living room, rainy autumn morning, grey daylight from the window, brown couch with an orange knit blanket. Only the dog's head pokes out from under the blanket, chin on a cushion. She blinks slowly at the camera and burrows a little deeper. Sound: rain on the window, soft blanket rustle, owner chuckling.

Clip 2 | 5-10s | Watching leaves

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
