Her Senior Years

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A gentle day with her at eleven: an easy morning stretch, a short easy walk, soft food for breakfast, family love on the couch and a nap at the owner's feet.

TIMELINE

0-5s	Morning stretch
5-10s	Soft breakfast
10-15s	Short easy walk
15-20s	Family love
20-25s	Nap at feet

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 11-year-old female German Shepherd with a black saddle and red-tan legs and face, a grey muzzle and grey around the eyes, a little thinner coat, moving slowly, wearing a faded red nylon collar with a small round metal tag. 0-5s (Morning stretch): Bedroom, early morning, soft daylight through curtains, thick grey orthopedic dog bed on a wooden floor. The dog gets up slowly from the bed, stretches her front legs forward with a long yawn, then walks to the camera and gently rests her grey muzzle on the owner's knee. Sound: quiet morning, a squeaky yawn, owner says "morning, old girl". 5-10s (Soft breakfast): Kitchen, morning daylight, beige tile floor, a raised steel bowl on a small stand. The dog eats softened food from the bowl at an easy pace, tail swaying gently, then licks the bowl clean and looks up at the camera. Sound: soft eating sounds, bowl clinking, kitchen radio quietly. 10-15s (Short easy walk): Quiet neighborhood sidewalk, mild morning, soft daylight, green front lawns and parked cars. The dog walks at a slow steady pace beside the owner on a loose red leash, stopping often to sniff a lamppost and a patch of grass. Sound: birds, slow footsteps, owner says "take your time". 15-20s (Family love): Living room, afternoon, soft window daylight, beige couch. A teenage boy sits on the floor beside the dog, gently stroking her grey face and scratching behind her ears. She leans her head into his chest and closes her eyes, tail thumping slowly. Sound: tail thumping on the rug, boy whispering "good girl". 20-25s (Nap at feet): Living room, evening, ordinary lamp light, wooden floor. Camera looks down at the owner's socked feet. The dog sleeps curled on a soft blanket right against them, her grey chin resting on one foot, her breathing slow and steady, one ear twitching in her sleep. Sound: quiet room, soft snoring, ticking clock.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Morning stretch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 11-year-old female German Shepherd with a black saddle and red-tan legs and face, a grey muzzle and grey around the eyes, a little thinner coat, moving slowly, wearing a faded red nylon collar with a small round metal tag. Bedroom, early morning, soft daylight through curtains, thick grey orthopedic dog bed on a wooden floor. The dog gets up slowly from the bed, stretches her front legs forward with a long yawn, then walks to the camera and gently rests her grey muzzle on the owner's knee. Sound: quiet morning, a squeaky yawn, owner says "morning, old girl".

Clip 2 | 5-10s | Soft breakfast

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
