Thank You for Being My Best Friend

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A thank you to her for everything: sitting together at a lookout, a paw in the owner's hand, a walk side by side, a quiet cuddle on the couch and a head resting on the owner's lap.

TIMELINE

0-5s	Lookout together
5-10s	Paw in hand
10-15s	Side by side walk
15-20s	Couch cuddle
20-25s	Head in lap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. 0-5s (Lookout together): Hilltop lookout on a hiking trail, late afternoon, soft natural daylight, rocks and dry grass with hills in the distance. The dog sits beside the owner's hiking boots, looking out at the view, ears relaxed, fur moving in a light breeze, then leans against the owner's leg. Sound: breeze, distant birds, owner says quietly "look at that". 5-10s (Paw in hand): Back porch steps, morning, soft daylight, wooden steps. The owner's open hand reaches out and the dog places one front paw in it, holding it there while looking at the camera, then gives the hand a small lick and leans in closer. Sound: birds, owner whispering "thank you". 10-15s (Side by side walk): Country road with fields on both sides, late evening, warm low daylight, long shadows on the gravel. Camera is behind them. The dog walks beside the owner's legs on a loose red leash, both moving at the same easy pace, her tail swaying. Sound: gravel crunching, crickets, quiet evening. 15-20s (Couch cuddle): Living room couch, night, ordinary lamp light, plaid blanket. The dog lies pressed against the owner's side with her head on a cushion. The owner's arm wraps around her and she lets out a long relaxed sigh and closes her eyes. Sound: quiet TV murmur, long sigh, soft breathing. 20-25s (Head in lap): Same living room, late night, one small lamp on, wooden floor. The owner sits on the floor with legs crossed and the dog rests her head in the owner's lap, looking up at the camera with soft eyes as the owner's fingers stroke the top of her head. Sound: quiet room, ticking clock, owner says "best friend, always".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Lookout together

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle, rich red-tan legs, chest and face, a dark mask around the muzzle, upright ears, a slightly slimmer build, wearing a faded red nylon collar with a small round metal tag, natural slightly messy coat. Hilltop lookout on a hiking trail, late afternoon, soft natural daylight, rocks and dry grass with hills in the distance. The dog sits beside the owner's hiking boots, looking out at the view, ears relaxed, fur moving in a light breeze, then leans against the owner's leg. Sound: breeze, distant birds, owner says quietly "look at that".

Clip 2 | 5-10s | Paw in hand

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
