## 1. Main Prompt (copy-paste, 20 seconds)

A vertical 9:16 video, **exactly 20 seconds long**, realistic smartphone-style footage of an adorable fluffy long-haired **German Shepherd puppy** (about 4 months old, black-and-tan coat, big upright ears, wearing a black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard. Background: a green hedge wall, red training boxes, a chain-link gate with a dog-training banner, and two trainers in black uniforms (black t-shirt, black cargo pants, boots) visible only from the chest down. A small black duffel bag sits on the grass right next to the puppy. Soft natural daylight, slightly overcast, handheld camera at low puppy-eye level, shallow depth of field, ultra-realistic fur detail, 4K.

**Shot sequence (total 20 seconds):**
**0-3s:** The puppy lies in a perfect "down" beside the black bag, ears up, eyes locked on the trainer. The trainer's hand enters frame with a flat downward hand signal.
**3-6s:** The trainer raises his palm; the puppy springs up into a neat "sit", tail swishing, looking up eagerly.
**6-9s:** Hand signal down again; the puppy drops back into "down" instantly, front paws stretched forward.
**9-12s:** Cinematic close-up of the puppy's face resting near the black bag, one fluffy paw in front, ears perked, calm eyes looking at camera, background softly blurred.
**12-15s:** Back to the wide shot: the puppy quickly repeats sit, down, sit, perfectly obedient, trainers standing still behind.
**15-20s:** The trainer lifts his hand high; the puppy rises onto its hind legs into a "sit pretty / beg" pose, front paws tucked to its chest, balancing proudly and looking up at the trainer. Hold the pose until the video ends at exactly 20 seconds.

**Style:** real-life viral dog-training reel, natural movement, no slow motion, no text overlay, no distortion, accurate German Shepherd anatomy, the same puppy with a consistent appearance for the full 20 seconds.
