Meeting Us in the Shelter Yard

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Our first real meeting in the shelter's grassy play yard: he explores the fence line, checks us out from a distance, takes a gentle treat, leans on my partner and lies down between us.

TIMELINE

0-5s	Exploring the yard
5-10s	Checking us out
10-15s	Gentle treat
15-20s	Leaning on him
20-25s	Lying down with us

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd who was just rescued from a shelter: a little thin with a dull, slightly patchy wolf-grey coat, cautious eyes, ears sometimes held back, wearing a plain grey slip leash and a new dark red leather collar. 0-5s (Exploring the yard): Shelter play yard on a mild sunny morning, neatly trimmed green grass, a tall clean wooden fence and a wooden bench. A staff member in a navy polo unclips the slip leash at the gate, and the dog trots along the fence line sniffing the grass, glancing back toward the camera every few steps. Sound: birds, a gate latch, soft footsteps on grass. 5-10s (Checking us out): Same grassy shelter yard, sunny morning. The owner, a woman in her early 30s with dark wavy shoulder-length hair, and her partner, a man in his early 30s with glasses and short hair, sit quietly on the grass. The dog circles a few steps away, sniffs the partner's sneaker, then backs off and watches them. Sound: birds, quiet voices, the dog sniffing. 10-15s (Gentle treat): Same shelter yard, bright morning sun, green grass. The partner, the man with glasses, holds a small soft treat flat on his open palm. The dog stretches forward, takes it carefully with his lips, chews, and looks up at him for another, his ears slowly coming forward. Sound: soft chewing, partner whispering "gentle, good boy". 15-20s (Leaning on him): Shelter yard, sunny morning, trimmed grass and wooden fence behind. The dog walks up to the partner, a man with glasses and short hair sitting on the grass, and presses the whole side of his body against the man's shoulder. The partner gently scratches the dog's chest and the dog closes his eyes. Sound: partner laughing quietly, owner saying "he likes you". 20-25s (Lying down with us): Same shelter yard in the late morning sun. The dog lies down on the grass between the owner's knees and the partner's sneakers, rolls slightly onto one hip and pants softly. Near the gate in the background, a smiling staff member in a navy polo watches with her arms folded. Sound: soft panting, birds, staff member saying "well, that's a yes".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Exploring the yard

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd who was just rescued from a shelter: a little thin with a dull, slightly patchy wolf-grey coat, cautious eyes, ears sometimes held back, wearing a plain grey slip leash and a new dark red leather collar. Shelter play yard on a mild sunny morning, neatly trimmed green grass, a tall clean wooden fence and a wooden bench. A staff member in a navy polo unclips the slip leash at the gate, and the dog trots along the fence line sniffing the grass, glancing back toward the camera every few steps. Sound: birds, a gate latch, soft footsteps on grass.

Clip 2 | 5-10s | Checking us out

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd who was just rescued from a shelter: a little thin with a dull, slightly patchy wolf-grey coat, cautious eyes, ears sometimes held back, wearing a plain grey slip leash and a new dark red leather collar. Same grassy shelter yard, sunny morning. The owner, a woman in her early 30s with dark wavy shoulder-length hair, and her partner, a man in his early 30s with glasses and short hair, sit quietly on the grass. The dog circles a few steps away, sniffs the partner's sneaker, then backs off and watches them. Sound: birds, quiet voices, the dog sniffing.

Clip 3 | 10-15s | Gentle treat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
