The Shelter Volunteers Come to Visit

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Two volunteers who cared for him at the shelter visit our home: he recognizes them at the door, a happy reunion, shows off his toy, plays in the backyard and settles at their feet.

TIMELINE

0-5s	Recognizing them
5-10s	Happy reunion
10-15s	Showing his toy
15-20s	Backyard fetch
20-25s	Settling down

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Recognizing them): Front door of the house on a sunny afternoon, daylight through the screen door. Two volunteers step onto the porch, a woman in her 50s with short grey hair and a young man with a beard, both in plain teal T-shirts. The dog rushes to the screen door, tail wagging hard, whining excitedly. Sound: excited whining, footsteps on the porch, owner saying "he knows you!". 5-10s (Happy reunion): Front hallway, afternoon daylight from the open door, wooden floor. The grey-haired volunteer kneels down and the dog wiggles right into her arms, licking her chin while his whole back end swings from side to side and she laughs into his fur. Sound: happy laughter, tags jingling, volunteer saying "look at you now!". 10-15s (Showing his toy): Living room, afternoon daylight, grey couch. The bearded young volunteer sits on the couch. The dog trots over with his brown plush hedgehog in his mouth and drops it in the man's lap, then stares at him, tail wagging, waiting for him to throw it. Sound: a squeak, volunteer laughing "for me?". 15-20s (Backyard fetch): Backyard, sunny afternoon, green lawn and wooden fence. The bearded volunteer in his teal T-shirt throws a tennis ball and the dog races after it, grabs it and runs back proudly, dropping it at his sneakers and bowing for another throw. Sound: ball bouncing, paws on grass, everyone cheering. 20-25s (Settling down): Living room in the late afternoon, soft daylight from the window. The dog lies on the rug with his head resting on the grey-haired volunteer's shoe while she strokes his neck. The owner's hand holds a mug at the edge of the frame. Sound: quiet chatting, a contented sigh, volunteer saying "he's so happy".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Recognizing them

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Front door of the house on a sunny afternoon, daylight through the screen door. Two volunteers step onto the porch, a woman in her 50s with short grey hair and a young man with a beard, both in plain teal T-shirts. The dog rushes to the screen door, tail wagging hard, whining excitedly. Sound: excited whining, footsteps on the porch, owner saying "he knows you!".

Clip 2 | 5-10s | Happy reunion

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
