MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (His brass tag): Front porch in the morning, soft natural daylight, wooden boards. The dog lies beside the owner's feet. Her fingers gently turn the small brass tag on his dark red collar, its plain back facing the camera, and he looks up at her and thumps his tail once. Sound: tag clinking, birds, a single tail thump. 5-10s (Lakeside walk): Gravel path along a calm lake in the early morning, pale blue sky and soft natural light, mist on the water. The dog walks loosely on a leash beside the owner's legs, stopping to sniff the reeds, then looking back at the camera. Sound: gravel crunching, ducks far off, gentle water lapping. 10-15s (Paw in her hand): Back porch steps in the afternoon, natural daylight. The owner, a woman in her early 30s with dark wavy shoulder-length hair, holds out her open hand. The dog sits facing her and places his front paw in her palm, leaving it there while she smiles. Sound: owner saying softly "forever, okay?", birds. 15-20s (Three on the steps): Front porch steps in the early evening, soft fading daylight. The owner and her partner, a man in his early 30s with glasses and short hair, sit side by side on the steps. The dog lies across both their feet, watching the quiet street. Sound: crickets, a distant car, quiet conversation. 20-25s (Goodnight kiss): Bedroom at night, ordinary bedside lamp light, the dog curled on his grey dog bed beside the bed. The owner leans down and kisses the top of his head. He sighs and closes his eyes, then the lamp clicks off. Sound: a soft kiss, a long sigh, lamp switch clicking, owner whispering "night, buddy".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
