## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Quiet sniff): Bedroom at sunrise, soft pink and orange light through half-open blinds, white sheets. Point of view from the owner lying in bed, her hand on the edge of the mattress. The dog's nose slowly appears and sniffs her fingers very gently. Sound: quiet room, soft sniffing, distant birds. 5-10s (Blanket nudge): Same bedroom, early sunrise light on the wall. The dog rests his chin on the mattress and pushes the edge of the blanket with his nose, then waits, eyes on her face, tail swaying slowly behind him. A phone charger cable dangles off the nightstand nearby. Sound: blanket rustling, a tiny whine, owner mumbles "already?". 10-15s (Sleepy hug): Bedroom, pale morning light. The owner, a woman in her early 30s with messy dark wavy shoulder-length hair, sits up on the edge of the bed and wraps her arms around the dog's neck. He leans his weight into her and wags. Sound: sheets rustling, sleepy laugh, tags jingling. 15-20s (Out the back door): Kitchen back door at sunrise, light pouring in as the owner's hand opens it onto a small backyard with dewy grass and a wooden fence. The dog trots out ahead, sniffs the wet grass and looks back at her. Dew sparkles on the grass in the low early light. Sound: door creaking, birds singing, cool morning breeze. 20-25s (Watching sunrise): Back porch step at sunrise, the sky pale orange above the neighbors' roofs. The owner sits on the step holding a mug and the dog sits close beside her, shoulder touching her arm, both facing the rising sun. Her bare feet rest on the cool concrete step. Sound: birdsong, a sip of coffee, owner says "okay, this was worth it".

## HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
