MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Humming while cooking): Small kitchen in the evening, ordinary ceiling light, white cabinets and a beige tile floor. A pot of pasta is boiling on the stove. The owner's arm stirs it with a wooden spoon while she hums. The dog lies on a striped mat by the fridge, watching. Sound: water bubbling, owner humming a tune, fridge humming. 5-10s (Swaying starts): Same kitchen, evening ceiling light. The owner, a woman in her early 30s with dark wavy shoulder-length hair in an apron, starts swaying side to side, filming with one hand. The dog lifts his head, gets up and walks over, tail wagging. Sound: humming louder, claws on tiles, owner laughs "you want to dance?". 10-15s (Leaning on her legs): Kitchen, ordinary evening light, view down at the floor. The owner sways gently and the dog presses his whole side against her legs, leaning into her, swaying a little along with her as she moves, his tail sweeping slowly across the tiles. Sound: humming, tail swishing, soft laughter. 15-20s (Paws on cushion): Same kitchen, evening ceiling light. A flat seat cushion sits on a low wooden step stool next to the counter. The dog rests his front paws on the cushion beside her, back legs on the floor, so his head is at her waist, and she sways with her hand on his shoulders. Sound: humming, stool creaking, owner says "look at you". 20-25s (Ending hug): Kitchen floor, evening light. The dog steps down and the owner kneels on the tile and wraps her arms around his neck, rocking side to side. He licks her chin once and wags his whole back end. Her apron is a little crumpled now. Sound: soft laughter, a lick, pot still bubbling.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
