Rainy Window Daydreams

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A rainy afternoon by the reading chair: the dog watches the rain, the owner joins him with a book, he spots a bird, rests his chin on her knee and dozes off under a shared throw.

TIMELINE

0-5s	Watching the rain
5-10s	Owner joins
10-15s	Spotting a bird
15-20s	Chin on her knee
20-25s	Dozing under throw

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Watching the rain): Cozy corner of a living room, grey rainy afternoon, an old green armchair next to a window with raindrops running down the glass. The dog lies curled on a dog bed beside the chair, head raised, watching the wet garden outside. Sound: steady rain on the window, gutter dripping, quiet room. 5-10s (Owner joins): Same corner, dim rainy daylight and one small table lamp switched on. The owner, a woman in her early 30s with dark wavy shoulder-length hair in a cardigan, sits in the armchair with a book and rests her foot against the dog's back. Sound: armchair creaking, rain, page turning. 10-15s (Spotting a bird): View past the dog toward the window, grey rainy light. A small bird hops under a dripping hedge outside. The dog's ears prick up and he lifts his head, watching closely, then lets out a quiet huff instead of a bark. Sound: rain, a soft huff, owner whispers "just a bird". 15-20s (Chin on her knee): Same armchair corner, rain heavier on the glass, table lamp on. The dog sits up and rests his chin on the owner's knee, gazing up at her. Her hand leaves the book and strokes the side of his face. A mug of tea steams on the side table. Sound: heavier rain, a sigh, fur rubbing. 20-25s (Dozing under throw): Rainy afternoon, dim daylight and lamp light. The owner pulls a knitted cream throw off the armchair and drapes the end of it over the dog lying at her feet. He closes his eyes and one paw twitches as he drifts off. Sound: rain pattering, blanket rustling, a tiny snore.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Watching the rain

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Cozy corner of a living room, grey rainy afternoon, an old green armchair next to a window with raindrops running down the glass. The dog lies curled on a dog bed beside the chair, head raised, watching the wet garden outside. Sound: steady rain on the window, gutter dripping, quiet room.

Clip 2 | 5-10s | Owner joins

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
