A Hug After a Long Day

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The owner comes home in scrubs after a twelve-hour shift and the dog gives her the hug she needs: a calm greeting, a long hug on the hallway floor, a lean, a quiet moment on the back step and a rest together.

TIMELINE

0-5s	Calm greeting
5-10s	The long hug
10-15s	Leaning in
15-20s	Back step quiet
20-25s	Resting together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Calm greeting): Front entry, overcast late afternoon light from a small window, a coat rack and sneakers on the floor. The owner, a woman in her early 30s with dark wavy shoulder-length hair in blue scrubs, steps inside. The dog walks up calmly, tail low and swaying. Sound: door closing, keys in a bowl, tags jingling. 5-10s (The long hug): Hallway floor, overcast daylight. The owner kneels down and wraps both arms around the dog's neck, her face pressed into his grey fur. He stands completely still and leans into her, his chin resting on her shoulder. Her lanyard dangles against his shoulder as she holds him. Sound: a shaky laugh, deep breath, owner whispers "I needed this". 10-15s (Leaning in): Same hallway, flat grey light. The owner sits back against the wall with her legs out. The dog lies down and presses his whole side along her legs, then lays his head across her lap with a heavy sigh. Her sneakers are kicked off next to them on the floor. Sound: a big sigh, quiet house, distant traffic. 15-20s (Back step quiet): Back step of the house, cloudy early-evening daylight, small yard with patchy grass. The owner sits on the step, still in scrubs. The dog sits beside her and she leans her head against his shoulder while he looks out at the yard. Sound: birds, wind in the trees, a slow exhale. 20-25s (Resting together): Living room floor, a table lamp just switched on, evening. The owner lies on the rug with a pillow and the dog curls up beside her chest. Her arm rests over his back and both of them breathe slowly. The curtains are half drawn on a cloudy evening. Sound: slow breathing, lamp click, owner says "best part of my day".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Calm greeting

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Front entry, overcast late afternoon light from a small window, a coat rack and sneakers on the floor. The owner, a woman in her early 30s with dark wavy shoulder-length hair in blue scrubs, steps inside. The dog walks up calmly, tail low and swaying. Sound: door closing, keys in a bowl, tags jingling.

Clip 2 | 5-10s | The long hug

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
