He Always Checks on Me at Night

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Working late at the home office desk, the dog keeps coming to check on her: a nudge at the elbow, a nap on her feet, following her for tea, his chin on her lap and leading her to bed.

TIMELINE

0-5s	Elbow nudge
5-10s	Nap on her feet
10-15s	Tea run follow
15-20s	Chin on her lap
20-25s	Leading to bed

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Elbow nudge): Small home office at night lit by a desk lamp, laptop open with the screen facing away from the camera, a mug on the desk. The dog walks in from the dark hallway and nudges the owner's elbow with his nose. Sound: keyboard tapping stops, soft nudge, owner says "I know, I know". 5-10s (Nap on her feet): Same office at night, desk lamp light, view under the desk. The dog lies down with his body draped over the owner's sock feet, head on the floor, eyes open and looking up toward her. A crumpled hoodie sleeve hangs over the chair arm, and a small trash bin sits beside the desk legs. Sound: keyboard tapping, a deep sigh, quiet house. 10-15s (Tea run follow): Kitchen at night, only the small light under the cabinets on. The owner, a woman in her early 30s with dark wavy shoulder-length hair in a hoodie, fills a kettle. The dog stands right beside her, leaning against her leg. Sound: kettle filling, claws on tiles, fridge humming. 15-20s (Chin on her lap): Back at the desk, desk lamp the only light. The dog sits beside the office chair and lays his chin on the owner's lap, gazing up at her. Her hand leaves the keyboard and rubs his head. Papers and a pen lie scattered next to the laptop. Sound: mug set down, soft fur rubbing, owner whispers "five more minutes". 20-25s (Leading to bed): Dark hallway lit by a plug-in night light. The owner's hand closes the laptop behind her. The dog walks ahead toward the bedroom, stops, looks back over his shoulder and waits until she follows. Family photos hang on the hallway wall, faint in the dim light, and the bedroom door stands half open ahead. Sound: laptop closing, soft paws on the floor, tags clinking.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Elbow nudge

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Small home office at night lit by a desk lamp, laptop open with the screen facing away from the camera, a mug on the desk. The dog walks in from the dark hallway and nudges the owner's elbow with his nose. Sound: keyboard tapping stops, soft nudge, owner says "I know, I know".

Clip 2 | 5-10s | Nap on her feet

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
