He Learned My Whole Routine

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

One day showing how the dog knows the owner's routine before she moves: morning coffee, leaving for work, the afternoon return, dinner time and going to bed first.

TIMELINE

0-5s	Coffee spot
5-10s	Keys mean bed
10-15s	Afternoon at door
15-20s	Dinner sit
20-25s	Bed first

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Coffee spot): Kitchen in the early morning, cool grey daylight through the window, a coffee maker on the counter. Before the owner even reaches it, the dog is already lying on the tile right in front of the coffee maker, waiting, tail thumping. Sound: tail thumping on tiles, coffee maker gurgling, owner laughs "how do you know?". 5-10s (Keys mean bed): Front entry, morning daylight, coat hooks by the door. The owner's hand picks up her keys from a small dish. The dog immediately walks to his bed in the corner of the living room and lies down, watching her. A raincoat and an umbrella hang on the hooks. Sound: keys jingling, bed rustling, owner says "see you later". 10-15s (Afternoon at door): Same entry, late afternoon light, filmed as the owner opens the front door from outside. The dog is already sitting right inside on the mat, tail sweeping the floor, ears up. The hallway behind him is dim and quiet, a pair of slippers lined up by the wall, and his water bowl is visible in the kitchen doorway. Sound: door opening, tail sweeping, excited whine. 15-20s (Dinner sit): Kitchen in the early evening, ordinary ceiling light. The owner, a woman in her early 30s with dark wavy shoulder-length hair, walks toward the pantry and the dog is already sitting politely next to his empty steel bowl. His striped mat lies under the bowl. Sound: pantry door opening, kibble bag rustling, tags clinking. 20-25s (Bed first): Upstairs hallway at night, a bedside lamp on in the bedroom. As the owner turns off the hallway light, the dog is already walking into the bedroom ahead of her and settles on his bed by the nightstand. Her slippers sit at the foot of the bed. Sound: light switch click, bed rustling, owner whispers "you are always first".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Coffee spot

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Kitchen in the early morning, cool grey daylight through the window, a coffee maker on the counter. Before the owner even reaches it, the dog is already lying on the tile right in front of the coffee maker, waiting, tail thumping. Sound: tail thumping on tiles, coffee maker gurgling, owner laughs "how do you know?".

Clip 2 | 5-10s | Keys mean bed

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
