Same Photo Spot Every Year

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Every spring the owner films the dog on the same front porch steps by the blue door. Five clips from five different years show him growing from a bouncy young adult to a calm grey-faced senior.

TIMELINE

0-5s	Year one
5-10s	Year three
10-15s	Year five
15-20s	Year eight
20-25s	Year ten

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real male short-coat grey sable German Shepherd with a dark face mask, wearing a dark red leather collar, shown at a different age in each clip as the scene describes (younger adult to older, muzzle getting greyer). 0-5s (Year one): Front porch steps of a small white house with a blue front door and a potted fern, spring morning, soft overcast daylight. Year one: the dog is 2 years old with a fully dark muzzle, lean and full of energy. He sits on the second step, wiggles, stands up, then sits again while the owner's hand holds a treat just above the camera. Sound: birds, tags jingling, owner laughing "sit, sit, almost". 5-10s (Year three): Same front steps and blue door, bright spring morning, the potted fern now bigger. Year three: the dog is 4 years old, muzzle still dark, broad chest and calm eyes. He sits neatly on the second step on the first try, ears up, looking at the camera, then breaks the pose to sniff the fern pot. Sound: birds, a car passing, owner says "good boy, one more". 10-15s (Year five): Same porch steps by the blue door, overcast spring day, a few wet leaves on the steps after rain. Year five: the dog is 6 years old with the first few grey hairs on his chin. He sits on the second step, gives a wide yawn, then settles and looks at the camera while the owner's hand gives him a small treat. Sound: dripping gutter, a big yawn, treat crunching. 15-20s (Year eight): Same blue door and wooden steps, mild spring afternoon, soft daylight, the fern pot now replaced by a red geranium. Year eight: the dog is 9 years old and his muzzle is clearly grey. He walks up carefully, sits on the bottom step instead of the second, and leans against the railing, tail thumping on the wood. Sound: tail thumping on wood, birds, owner says "bottom step is fine". 20-25s (Year ten): Same front porch and blue door, cool spring morning, soft overcast light. Year ten: the dog is 11 years old with a white-grey muzzle and face. He lies down on the bottom step and the owner, a woman with dark wavy shoulder-length hair, sits beside him with her arm around his shoulders, only her side and arm in frame. Sound: birds, a soft sigh, owner whispers "ten years on these steps".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Year one

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real male short-coat grey sable German Shepherd with a dark face mask, wearing a dark red leather collar, shown at a different age in each clip as the scene describes (younger adult to older, muzzle getting greyer). Front porch steps of a small white house with a blue front door and a potted fern, spring morning, soft overcast daylight. Sound: birds, a soft sigh, owner whispers "ten years on these steps".

FACEBOOK CAPTION

Same steps, same blue door, every spring for ten years.
The grey crept in so slowly I almost missed it.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
