MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Paw shake): Backyard on a warm sunny afternoon, green lawn with a few clover patches, wooden fence, a bike lying on the grass. A girl about eight with braids holds out her hand and the dog sits and places his paw in it, then lifts the other paw too. The owner's hand is in frame holding a small treat ready. Sound: kids giggling, birds, girl says "he did it!". 5-10s (Stay and come): Same backyard, sunny afternoon. The dog lies down on the grass and stays while a boy about ten in a red t-shirt walks backward a few steps away from him. The boy pats his legs, the dog springs up and trots straight to him, tail wagging, and sits at his sneakers. Sound: boy says "okay, come!", paws thudding on grass, kids cheering. 10-15s (A spin): Same backyard near a patio with plastic chairs, bright daylight. The owner's hand makes a small circle in the air and the dog turns a tight full circle on the grass, then sits and takes a treat from her fingers. The two kids stand at the edge of the frame clapping. Sound: clapping, kids laughing, treat crunching. 15-20s (Find the toy): Same backyard by a big maple tree, afternoon sun through the leaves. The girl hides a yellow squeaky toy behind the tree trunk while the dog waits sitting. On the word, he trots around the yard nose down, circles the tree, finds the toy and squeaks it proudly. Sound: owner says "find it", sniffing, a squeak, kids shrieking with joy. 20-25s (Belly rub break): Same backyard, late afternoon sun, long shadows on the lawn. The two kids sit cross-legged on the grass and the dog flops onto his back between them. They gently rub his belly and chest while his legs paddle in the air and his tongue hangs out sideways. Sound: kids laughing, panting, birds, distant lawn mower.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
